Affected Personnel

All Mountain View Fire and Rescue Board of Fire Commissioners and the Fire Chief

Goals

To clearly define the governance rules, policies, purpose, proceedings and business of the Mountain View Fire and Rescue Board of Fire Commissioners. The rules shall be in effect upon adoption by resolution by the Board and until such time as they are amended, or new rules are adopted in the manner provided by these rules.

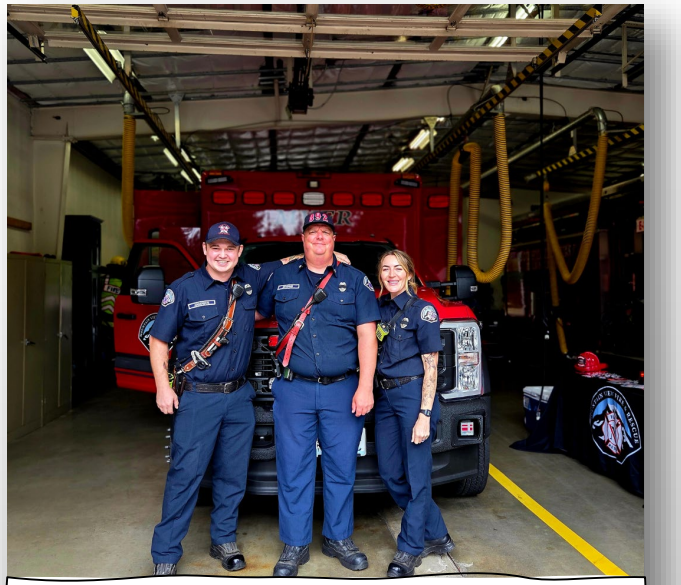

Compliance

All MVFR personnel are expected to adhere to this policy and related procedures, guidelines, and protocols established by the Fire Chief, command staff, and governing authorities. Non-compliance may result in disciplinary action, including but not limited to reprimand, training, suspension, or termination, as deemed appropriate, based on the severity and recurrence of the violation.

NEW BUSINESS

Public Consulting Group – Use of Medicaid Ambulance Supplemental Payment Program "ASPP"

- **District provides EMS services** → transports patients, including Medicaid recipients
- **Costs recorded** → actual transport costs documented for eligible Medicaid trips
- **PCG assists** → analyzes costs, guides participation, & ensures accurate reporting
- **GEMT reimbursement** → Medicaid provides supplemental payments to cover part of the gap
- **District Funds reinvested** → support EMS operations, staffing, equipment, and program sustainability

8. Union Comment

No union comment was received.

9. Finance Report

Finance Manager Dan Alger gave his finance report, including information on the AP and payroll vouchers, transport revenue, misc. revenue and budget position. Notable vouchers ($5K+ reviewed).

Expense and Revenue spreadsheet reviewed, some information to be populated in the coming weeks (this meeting held earlier than typical due to holidays).

Chief Judkins spoke of potential costs associated with payments to Puget Sound Fire; Fire Garage, South King County Fire Training Consortium “SKCFTC”.

10. Fire Chief Report

Chief Judkins reviewed various initiatives and updates;

- Chief Judkins shared updates on budget planning and financial adjustments. King County submitted its resolution and ordinance before the December 1 deadline, with 2026 figures showing a $7.7M taxable levy and $5.2B assessed value. A lower-than-expected carry-over may require mid-year budget changes and a transfer to Capital Reserves.
- Operational and safety updates included a Tesla Powerwall 2 recall due to fire risk, affecting 10,500 units. Valley Communication’s dispatch rate will rise slightly in 2026, and the KC EMS Levy contract is now active for six years, with funding tied to call volume and assessed value. Shield Assessments will replace Valley Medical for physicals.
- Community updates covered Black Diamond and Muckleshoot Tribe activities. New city leadership was elected, and AWB grant funds will be presented on December 15. Weekly blood pressure checks continue for seniors. December council meetings were canceled, with the next set for January 8. The Lawson Hills hearing was held, and Muckleshoot’s comprehensive plan and contract remain in progress.

11. Deputy Chief Report

Deputy Chief Trout reviewed various initiatives and updates, such as vacation and scheduling for next year, training initiatives, staff meetings, and personnel peer evaluations (firefighters providing feedback on officers).

- Federal Incident Reporting Standard "NERIS" update given Jan 1, as well as information on the new dispatch (replacement) system to CAD - Versaterm changeover occurred on 11/18/2025 (replacing CAD system). All vehicles are currently in-service.
- Trout spoke about 11/15 Chimney Fire which spread to home off of the Green Valley Rd, Coopers Corner multi-vehicle accident, car in a creek and then incidents related to rain and flooding. Call volume numbers were also reviewed.
- Station security update given, as well as changes to contracts for generator maintenance and pest control.
- Chief Judkins spoke of Deputy Chief Trout leading as Chair of the Zone 3 Ops Chiefs. Chief Judkins was asked to be Vice Chair for the King County Fire Chiefs and will likely be Chair in 2027.

12. Unfinished Business

- N/A

13. New Business

- Resolution 25-599 – Transfer of Funds
- Move to approve Resolution 25-599, and to transfer the following on or before December 20, 2025:
    - $929,274.98 from Expense → Capital Expense Fund,
    - $13,216.43 from Excess Revenue → Expense Fund &,
    - $785.97 from Reserve → Expense Fund

Commissioner Farrell made a MOTION to approve Resolution 25-599 – Transfer of Funds, SECONDED by Commissioner McKinney. The MOTION CARRIED UNANIMOUSLY (4-0).

14. Commissioner Report(s)

- Young – Thanked Commissioner Farrell for his 25 years of service and commended the agency for their budget management.
- Valentine-McKinney – Indicated the budget was well explained and favorable. Recognized Commissioner Farrell's retirement. She also commended the department on their social media presence. Wished everyone a merry holiday.
- Farrell - Spoke about his 25 years as a commissioner with our agency, which began with a referral from former Commissioner Monroe Shropshire, as an interim commissioner in a vacant position, and then stayed on as elected. Commissioner Farrell spoke of positive growth, sophistication and indicated he found serving a pleasure, and thanked everyone for the opportunity to service.
- Gentry – Congratulated Mark Hargrove on a successful election and wished everyone a happy holiday. He also thanked Commissioner Farrell for his friendship and mentorship.
- Jesse Young (advisory member) - Thanked our department members for service to the community, and congratulated Commissioner Farrell on his 25 years of service and retirement.

AutoPay enrollment

If I enroll in AutoPay, I authorize AT&T to pay my bill monthly by electronically deducting money from my bank account. I can cancel authorization by notifying AT&T at firstnetcentral.firstnet.com or by calling the customer care number listed on my bill. Your enrollment could take 1-2 billing cycles for AutoPay to take effect. Continue to submit payment until page one of your invoice reflects that AutoPay has been scheduled.

Important information

Late payment charge
Late payment charges for Corporate Responsibility User (CRU) accounts are applied according to applicable contracts.

Electronic check conversion
Paying by check authorizes AT&T to use the information from your check to make a one-time electronic fund transfer from your account. Funds may be withdrawn from your account as soon as your payment is received. If we cannot process the transaction electronically, you authorize AT&T to present an image copy of your check for payment. Your original check will be destroyed once processed. If your check is returned unpaid you agree to pay such fees as identified in the terms and conditions of your agreement, up to $30. Returned checks may be presented electronically.

Company fees & surcharges
AT&T imposes additional charges on a per line basis, including federal and state universal service charges, an Administrative Fee (to defray certain expenses including charges AT&T or its agents pay to interconnect with other carriers to deliver calls from AT&T customers to their customers, and charges associated with cell site rents and maintenance), a Regulatory Cost Recovery Charge (to recover costs of compliance with certain government imposed regulatory requirements, including Wireless Number Portability and Number Pooling, and E911), and a Property Tax Allotment surcharge applied per Corporate Responsibility User's assigned number. These fees are not taxes or charges that the government requires AT&T to collect from its customers. See att.com/mobilityfees for details.

AT&T Mobility Center for customers with disabilities
Questions on accessibility by persons with disabilities: 866.241.6568.

Wireless DirectBill charges
Detail of DirectBill charges can be viewed at att.com/db. The direct billing option offers you the ability to purchase content, goods and features such as apps, games, donations, and services from AT&T and other companies by applying charges to your wireless account.

From Lisette Kelly <lkelly@mvfire.org>
Date Thu 12/4/2025 12:17 PM
To Dan Alger <dalger@mvfire.org>

Dan - The Total amount will actually be $304.50 x 2 (new commissioners) = $609.00.

Please update AP for the Chief to review.

Hi Dan - We will need a check run through AP in prep for our newly elected commissioners.

- Vendor = KC RECORDS & ELECTIONS (559)
- Amount = $305.50

For the BARS account, I would think it would fall under 522-11-45-020 (Election Fees), but Chief Judkins can confirm.

Once you have the check in-hand, please do NOT mail it. We will need to send it in after our January board meeting, along w/ the Commissioner Oath of Office forms. Please hold it, or give it to me to hold to send in after their oaths.

Subject: RE: KC Records Office Fee & Docs

Hello,

It is $303.50 for the first page and $1.00 per additional page. The cover sheet will be considered a page. So, if it is 2 pages total (including the cover sheet) the total due will be $304.50.

Each oath of office will require it's own cover sheet.

Hello - We will have (2) new Fire Commissioners beginning w/ our agency as of 1/1/2026. Please confirm the current cost to submit is $303.50 total to submit the cover sheet + (2) oath of office docs (notarized).

Also, is there anything else needed from us to complete the recording?

Form **W-9**
(Rev. March 2024)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See *Specific Instructions* on page 3.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)

Ready Rebound, Inc.

2 Business name/disregarded entity name, if different from above.

3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor ☑ C corporation ☐ S corporation ☐ Partnership ☐ Trust/estate

☐ LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) . . . . .

Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

☐ Other (see instructions)

3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions . . . . . ☐

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any)

Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any)

(Applies to accounts maintained outside the United States.)

5 Address (number, street, and apt. or suite no.). See instructions.

311 E. Chicago Street, Suite 520

6 City, state, and ZIP code

Milwaukee, WI 53202

Requester's name and address (optional)

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number

			–			–				

or

Employer identification number

8	7	–	4	1	0	5	0	2	0

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

HOW TO READ YOUR INVOICE

1. Your Total Due is the total amount of current charges and any previous unpaid Balances combined. This also states the date payment is due to WM, anything beyond that date may incur additional charges.

2. Previous balance is the total due from your previous invoice. We subtract any Payments Received/Adjustments and add your Current Charges from this billing cycle to get a Total Due on this invoice. If you have not paid all or a portion of your previous balance, please pay the entire Total Due to avoid a late charge or service interruption.

3. Service location details the total current charges of this invoice.

New Payment Platform

Here are more details about our enhanced online bill-pay system. Powered by Paymentus, the platform will provide more options and flexibility when managing and paying your bills.

Expanded payment options.
Pay with PayPal, Apple Pay, or Google Pay; via secure direct debit from a bank account; or by credit or debit card.

Anytime, anywhere payments.
Same great 24/7 availability so you can make payments when convenient or set it and forget it with AutoPay.

Complete Hub for account activity.
Continue to view and manage your bills directly from **My WM** (wm.com/mywm).

If your service is suspended for non-payment, you may be charged a Resume charge to restart your service. For each returned check, a charge will be assessed on your next invoice equal to the maximum amount permitted by applicable state law.

Definitions

Electric

Basic Charge — Covers the costs for meters, meter reading, billing and other costs that do not vary with energy use or the number of days covered by the bill.

Multiplier — Converts the amount of electricity used as measured by your meter into kWh.

kWh — Your use of electricity is billed in units called kilowatt hours. It is a unit of energy that equals 1,000 watts of electricity consumed in one hour.

Energy Exchange Credit — Federal Columbia River Benefits supplied by Bonneville Power Administration from low-cost power generated by federal hydroelectric dams.

Other Electric Charges and Credits — Includes the Merger, Federal Wind Power, and Renewable Energy Credits.

Natural Gas

Basic Charge — Covers the costs for meters, meter reading, billing and other costs that do not vary with energy use or the number of days covered by the bill.

CCF — Your meter measures the volume of natural gas used in hundreds of cubic feet.

Btu Factor — Converts your CCF energy usage into therms by adjusting it for actual heat content. Btu stands for British Thermal Unit.

Therm — Your use of natural gas is billed in units called therms. It is a unit of heat that equals 100,000 Btu.

Other Natural Gas Charges and Credits — Includes the State Carbon Reduction charge and the Merger credit.

State Carbon Reduction Credit — Available proceeds from the state greenhouse gas emission allowances sold at auction through the Washington's Climate Commitment Act Cap-and-Invest Program.

Definitions

Basic Charge — Covers the costs for meters, meter reading, billing and other costs that do not vary with energy use or the number of days covered by the bill.

CCF — Your meter measures the volume of natural gas used in hundreds of cubic feet.

Btu Factor — Converts your CCF energy usage into therms by adjusting it for actual heat content. Btu stands for British Thermal Unit.

Therm — Your use of natural gas is billed in units called therms. It is a unit of heat that equals 100,000 Btu.

Other Natural Gas Charges and Credits — Includes the State Carbon Reduction chage and the Merger credit.

State Carbon Reduction Credit — Available proceeds from the state greenhouse gas emission allowances sold at auction through the Washington's Climate Commitment Act Cap-and-Invest Program.

The State Carbon Reduction Credit has been adjusted for the billing period as it may not exceed the amount of the billed State Carbon Reduction Charge.

10/20/2025	estorm	Verified concern and found that the right rear inner dual was flat and almost off the bead. Decided it would be best to have Purcell come out and remove the tire to inspect the inside and replace if needed. Tire had to be ordered and installed on 10/21/2025. Drove back to the shop and picked up spare to install for the time being. Drove back to St.92 and installed spare on the right rear inner dual. Checked other tires and found that the left outer dual was leaking as well and needed a new valve stem core found one at the shop and installed. All ok at this time and should have original tire installed tomorrow.

08/06/2025	SStorm	Test the batteries and found they are below standards. Removed the batteries and installed new batteries. reassembled the battery box.
07/02/2025	SStorm	Got a call that the engine is broke down by the side of the road from a coolant hose blowing drove out with coolant and some hoses we had and found the leak is from the EGR cooler hose. Removed the hose and looked for one in the hoses we brought . We did not have the correct hose size and so I ran to get the correct one from the parts store. Drove back out to the truck and repaired it filled with coolant and drove to the shop where we replaced the second EGR cooler hose and cleaned under the engine and the engine bay .

COMMENT DATE	COMMENT BY	COMMENT DESCRIPTION
08/06/2025	SStorm	A/c is not blowing cold . Checked out the A/C system and found it low , recovered the system and performed a vac along with a vac test and refilled the system.
07/17/2025	estorm	Pressure tested system. Found multiple leaks coming from different hoses and the coolant reservoir. Fixed leaking hoses by tightening the hose clamps. Removed reservoir and found that two welds have cracked on the back side of the reservoir. Welded the the cracks and pressure tested the reservoir on the bench. Found that it was no longer leaking. Installed the reservoir and filled the system with coolant. Pressure tested the APP again and found no more leaks at this time. Test drove app and got system up to temp. Checked for leaks again and found none. Topped off engine oil and pressure washed the engine and under hood. All ok at this time.
07/15/2025	estorm	Drained cooling system. Replaced leaking gasket on oil cooler. Vac & filled system with coolant. Topped off coolant and will work on cleaning and pressure testing system tomorrow.
07/11/2025	SStorm	Pressure test the cooling system and identified where the leak is worked on ordering the parts.
07/09/2025	estorm	Both front and rear air tanks were building at the same time from 0 PSI. I found that the double check valve was not working properly in the system and replaced it with a new one. System now builds air as it should. All ok at this time.
07/07/2025	estorm	Drove to station 96 to look into some small write ups for the front suction indicator bulb, Inverter and TCS light coming on. Found a code set for the TCS light (SID:19 FMI:2 Differential valve solenoid valve 2 data erratic.) Performed visual inspection and did not see anything obvious. Decided that since the APP is due for a service and there are now multiple write ups we should put it out of service for repairs and PM. Drove back to the shop picked up MTN119 and drove it out to Station 96 for the crew to swap into. Drove MTN118 back to shop for repairs.

05/29/2025	SStorm	Worked on removing the old seat belt assembly and installed the new belt assembly and buckle.
05/16/2025	SStorm	Was told about the officers seat belt is not pulling out or retracting . When they dropped it off in the morning I looked at it and found the belt has gotten wedged into a bracket and started to rip the belt was able to dislodge the belt and ordered a new belt due to this one is now tore.

06/25/2025	estorm	Received both left and right tank lights. Installed and checked operation all ok at this time.
06/17/2025	SStorm	Removed the ROM door latch rod assembly and replaced the rivets in the rod arms and installed some new springs. Reassembled the rod assembly
05/27/2025	estorm	Drove to St.96. Installed new SCBA release cable and checked operation all ok at this time. Looked into new write up for compartment door handle being loose. Looks as though the springs in the handle have broke and need to be replaced. Will work on ordering parts for door.
03/17/2025	estorm	Drove out to station 96 to replace the tank level light. Found that the new light will require modification to mount and I did not have the tools at the station to modify it. While there I noticed that the driver side light was about to fail as well. Ordered another light for the driver side and will modify and replace both driver and officer side once received.
03/07/2025	SStorm	Drove out to station96 and looked at the SCBA seats in the rear of the cab found one was stuck due to not dropping in the lower holder correctly removed the SCBA and reinstalled . Inspected the other one and found the cable is broken . Ordered new cable . also looked at the compartment warning light being on and found one of the door did not trip the sensor for the door light is off now after opening all the doors and closing them. Talked to the crew and if the alarm comes back on they will write it up and we will look into it further.
03/06/2025	SStorm	Looked into the part number for the tank level light and ordered a new light assembly.

06/30/2025	estorm	New handle was missing the ball end. A new handle was ordered again and was received with the ball attached. Removed the handle that was previously installed and installed the handle with the ball end. All ok at this time.
06/18/2025	SStorm	Installed the new handle onto the drivers side direct tank fill valve .
06/17/2025	SStorm	After looking at the ladder rack with Chief Trout we have decided to leave the rack alone into the new PM service.
06/17/2025	SStorm	Worked on adjusting the pump packing and was able to get the drip rate to 60 drips in a minutes time.
06/13/2025	SStorm	Inspected the ladder rack and found the main rack body the arms are mounted to is bent it looks like someone had tried to hammer it back flat we may need to remove the main assemblies and see if we can hammer them out on a flat surface.
06/13/2025	SStorm	Removed the primer motor and ordered a new motor once the new one was dropped off I removed the vane pump and installed it onto the mew motor and reinstalled the primer pulled outside and test the primer operation and checked the pump operation.
06/13/2025	SStorm	Drove out to station96 and checked out the primer motor and found the motor is lagging and new replaced brought back to shop and ordered a motor.
06/11/2025	estorm	temporally took handle off MTN117 to install on MTN119. Will install handle once received.

04/30/2025	estorm	Removed old ladder rack mount. The bolt had sheered off the handle and would not secure the ladder. Extracted the sheered bolt and found another that would fit in its place. Installed handle and mount and tested operation all ok at this time.
04/11/2025	SStorm	Engine would not come out of pump back into road diag the issue and found it was road signal pressure solenoid . Ordered the solenoid and had it next day aired due to it is a front line engine. Drove down to the main shop and picked up the part when it came in . Came back to the shop and installed the new part and test the system to verify the repair. Called the crew and had them swap back into the engine.

05/30/2025	SStorm	We missed charging out the oil when we performed the last PM service .
05/06/2025	SStorm	Got in touch with Horton and they sent out there mechanic in our area to look at the module that controls the ground for the inverter . After looking into it further with him on Friday. We found out that when it was a demo that module was not programmed for that function to operate. And instead of programming it that it would be easer to rewire it to a switched B+ so that way when the Horton i4G system is on then it would send B+ to the ENG+ side of the inverter to turn it on in the run and when the over ride button was pushed . We checked out the function of the system after we wired in the new location and the inverter is now working correctly. Drove the Aid car out to the crew and they swapped back into the Aid car.
05/06/2025	SStorm	Worked on diag the charging system for the radio going off at times . Checked the charge battery cables to make sure the cables from the inverter all the way to the batteries are the correct cable size . Found they ran a 2/0 cable from the batteries to a max fuse the from the fuse to the inverter it is 1/0 cable . Looked into it further and found that the inverter is switched into the on position and so the inverter is on all the time Test the batteries and found both batteries are needing replaced . Swapped out both batteries with some new AGM batteries and set up the inverter to charge AGM batteries. Switched it to the REM position and found that the inverter is not coming on when the engine is running or when it is switched on with a battery ground checked for the ground signal going to the inverter and found if we introduce the ground it would work correctly . Continued onto a new message

06/25/2025	estorm	Picked aid car up from Fleet service. DPF pressure sensor was replaced again. Vehicle was returned to service and no signs of issues have shown at this time.
05/28/2025	SStorm	Removed the center console upper cover to gain access to the modem. looked into why the modem is not connecting to the network and tried to reboot the system . Rebooting did not help removed the modem and installed the modem that is for the command car for events and was able to get the system to go on line . Talked with Chief Trout and decided the install the test modem into the aid car so they can get the current one fixed.
05/13/2025	SStorm	Drove the Aid car down and dropped it off with Fleet Service and came back to the shop
05/05/2025	estorm	Scanned for DTC. Found that the EGR and DPF pressure sensor codes are still in the ECM and will not clear. APP may need to go to International to clear the DTC since we do not have the software to at this time. New pressure sensor has been installed along with a DPF and EGR. codes can not be cleared and will not clear on there own or with the test that the Autel can perform.

07/17/2025	estorm	Rotated tires and set pressures. Torqued wheels to 165 FT/LB. Load tested battery and battery failed. Replaced battery. TPMS sensor batteries are better to be replaced when new tires are needed which will be soon. Sensors are reading at this time and the warning was gone while I was working on the vehicle. Low oil issue was fixed see LOF Service task.
07/17/2025	estorm	APP had write up for low oil level and needing to be topped off. Looked at oil life and it was at 20%. Decided to do a quick oil change instead of just topping off oil. All ok at this time.

04/30/2025	estorm	Work Complete
04/30/2025	SStorm	Removed the old decals and cleaned the glue off the surface. Wiped down the surfaces and installed new decals.
04/30/2025	estorm	Fabricated and installed new plumbing support. All ok at this time.
03/27/2025	estorm	When filling the tank I found that there was a lot of weight on a unsupported area of plumbing that could be come a potential issue. ordered metal to fabricate a support bracket for the plumbing.
03/27/2025	estorm	Changed all fluids and filters on Gator and mounted water pump. ran all equipment and checked fluid levels all ok at this time.
03/25/2025	estorm	Drove to 92 and picked up trailer and gator. Started PM ordered filters and performed pump check.

06/05/2025	estorm	Drained coolant and removed water pump cover. Cleaned all sealing surfaces and installed new cover kit. Vacuumed cooling system and checked for leaks. Found none at this time. Filled cooling system all ok at this time.
06/05/2025	SStorm	Removed the rear output assembly on the pump transmission and removed the bearings and seals worked on cleaning the parts and are waiting for the bearing and snap rings to come in for reassembly.
06/05/2025	SStorm	Worked on repairing 2 out of 3 ROM doors . Replaced some of the shoe slides and blocks and replaced 3 of the latch rod springs . Reassembled the doors. Waiting for more slides for the 3rd door.
06/04/2025	SStorm	Removed the pump trans input shaft to replace the seal . Removed the bearing and seal from the housing and cleaned the housing and bearing after that we found the bearing feels rough and should be replaced . Ordered new input and output bearings and will install once we have them.
05/30/2025	SStorm	Called tech support at Akron Brass and went through some diag with them and ordered a new valve control module that will be shipped to Mountain View .
05/27/2025	estorm	Purcell showed up to the shop and removed and replaced the valve stem on the right rear inner dual tire. Purcell then installed the tire. All ok at this time.
05/22/2025	estorm	Found that the right rear inner dual is leaking from the valve stem. Ordered to have Purcell come and take a look.
05/21/2025	estorm	Started PM. Performed inspections made list of repairs needed and started on repairs and maintenance.
05/16/2025	SStorm	Continued on the PM-B and started looking for the auditable air leak found the secondary Auto drain valve is leaking removed and installed a new one .

11/26/2025	SStorm	See the attached invoice from Cummins for additional information.
11/26/2025	SStorm	Found oil leak coming from around the remote oil filter adaptor assembly had Sean contact Cummins to come out to investigate for warranty . Cummins came out and replaced the seals for the remote filter adaptor .
10/28/2025	SStorm	Drove down to the main shop and performed the pump test checked the foam system to verify it is operating correctly. After we were done we came back to the shop pressured washed the engine compartment and undercarriage .
10/22/2025	SStorm	Removed the steering knuckle from the upper control arm on the left side . Removed the upper ball joint and inspected the control arm socket for any problems with the inner bore found no problems and worked on installing the new ball joint . Reassembled the steering knuckle and reattached the tie rod to the knuckle.

Responsible Party
All waste services are managed, performed, and billed for by individual operating subsidiaries of Republic Services, Inc. Republic Services, Inc. itself does not perform any waste services, nor does it contract for such services. The operating entity providing your waste service is identified on your invoice. Accordingly, all obligations to you, including providing quality service and billing you for service, rests with the operating entity identified on your invoice.

Residential Customers
If you are a residential customer receiving service without a signed customer service agreement, your service is subject to and governed by the Service Terms for Residential Customers located at Republicservices.com/customer-support/residential-service-terms which include a **CLASS ACTION WAIVER** and **ARBITRATION CLAUSE**, and our right to charge you a container removal fee upon termination of service, among other terms. These terms are subject to change so please review them upon receipt of your invoice. If you do not have access to a computer, you may request that a copy be mailed to you by calling Customer Service at the number on the front of this invoice. Please note that some or all of the Service Terms for Residential Customers may not apply if your services are subject to terms mandated by a governmental entity in your locality.

Check Processing
When you provide a check as payment, you authorize us to use information from your check to make a one-time electronic fund transfer from your account. When we make an electronic transfer, funds may be withdrawn from your account the same day we receive your payment or check and you will not receive your check back from your financial institution.

Cancellation & Payment Policy
Unless prohibited by applicable law, regulation, or franchise or other agreement: (1) we reserve the right to require that payment for services be made only by check, credit card or money order; and (2) if service is canceled during a billing cycle, you will remain responsible for all charges, fees and taxes through the end of the billing cycle. You will not be entitled to proration of billing or a refund for the period between the notice of termination and the end of the current billing cycle.

Understanding Our Rates, Charges and Fees
If you are receiving service without a signed customer service agreement, please visit RepublicServices.com/Fees to review the financial terms and conditions relating to your service. If you are receiving service pursuant to a written contract, but have questions relating to any charges or fees, RepublicServices.com/Fees provides a detailed description of our most common charges and fees. If you do not have access to a computer, you may request that a copy be mailed to you by calling Customer Service at the number on the front of this invoice.

Responsible Party
All waste services are managed, performed, and billed for by individual operating subsidiaries of Republic Services, Inc. Republic Services, Inc. itself does not perform any waste services, nor does it contract for such services. The operating entity providing your waste service is identified on your invoice. Accordingly, all obligations to you, including providing quality service and billing you for service, rests with the operating entity identified on your invoice.

Residential Customers
If you are a residential customer receiving service without a signed customer service agreement, your service is subject to and governed by the Service Terms for Residential Customers located at Republicservices.com/customer-support/residential-service-terms which include a **CLASS ACTION WAIVER** and **ARBITRATION CLAUSE**, and our right to charge you a container removal fee upon termination of service, among other terms. These terms are subject to change so please review them upon receipt of your invoice. If you do not have access to a computer, you may request that a copy be mailed to you by calling Customer Service at the number on the front of this invoice. Please note that some or all of the Service Terms for Residential Customers may not apply if your services are subject to terms mandated by a governmental entity in your locality.

Check Processing
When you provide a check as payment, you authorize us to use information from your check to make a one-time electronic fund transfer from your account. When we make an electronic transfer, funds may be withdrawn from your account the same day we receive your payment or check and you will not receive your check back from your financial institution.

Cancellation & Payment Policy
Unless prohibited by applicable law, regulation, or franchise or other agreement: (1) we reserve the right to require that payment for services be made only by check, credit card or money order; and (2) if service is canceled during a billing cycle, you will remain responsible for all charges, fees and taxes through the end of the billing cycle. You will not be entitled to proration of billing or a refund for the period between the notice of termination and the end of the current billing cycle.

Understanding Our Rates, Charges and Fees
If you are receiving service without a signed customer service agreement, please visit RepublicServices.com/Fees to review the financial terms and conditions relating to your service. If you are receiving service pursuant to a written contract, but have questions relating to any charges or fees, RepublicServices.com/Fees provides a detailed description of our most common charges and fees. If you do not have access to a computer, you may request that a copy be mailed to you by calling Customer Service at the number on the front of this invoice.

Paying by check authorizes AT&T to use the information from your check to make a one-time electronic fund transfer from your account. Funds may be withdrawn from your account as soon as your payment is received. If we cannot process the transaction electronically, you authorize AT&T to present an image copy of your check for payment. Your original check will be destroyed once processed. If your check is returned unpaid you agree to pay such fees as identified in the terms and conditions of your agreement, up to $30. Returned checks may be presented electronically.

Important information

Late payment charge
Late payment charges for Corporate Responsibility User (CRU) accounts are applied according to applicable contracts.

Electronic check conversion

Company fees & surcharges
AT&T imposes additional monthly fees on a per line basis, including:

- An Administrative Fee to help AT&T recover certain expenses AT&T incurs, including, but not limited to, charges AT&T or its agents pay to interconnect with other providers to exchange communications between AT&T customers and their customers and charges associated with cell site rents and maintenance.
- A Regulatory Cost Recovery Fee to help AT&T recover payments of certain government fees imposed on AT&T and costs of compliance with certain government-imposed regulatory requirements.

services) identified by an *, (2) services of other CenturyLink companies, or (3) services of other companies included in your bill. CenturyLink packages of features and the amounts in the Account Summary may include both basic and charges that are not basic.

Cramming occurs when unauthorized charges appear on your telephone bill. To help prevent unwanted third party charges on your bill, contact CenturyLink at 800-603-6000 and request, at no charge, a bill block that will prevent some third party charges such as charitable contributions, dial-up Internet by non-CenturyLink companies or other non-telecommunications charges from appearing on your bill.

CenturyLink should be notified within 90 days after the CenturyLink Bill Date of any billing discrepancies on your statement.

TECHNICIAN NOTES

Commercial initial

Arrived and met with Mike.

Set up (4) rodent bait stations around exterior perimeter of building.

Set out a glue board/monitoring board in kitchen behind microwave.

I applied a liquid barrier around the exterior perimeter of the building to help control crawling insects such as ants and spiders.

Customer asked to keep existing rodent stations.

CONTACT INFORMATION

For information regarding your account please call: **360-825-3591 Option 1** or visit us at our City website at www.cityofenumclaw.net Office hours are Monday-Friday 9:00 A.M.-5:00 P.M.

UTILITY PAYMENTS

Your bill is due upon receipt and is considered past due if not received in our office by **1:00 PM** on the due date shown on the bill. Payments received after **1:00 PM** will be posted the following business day. Online bill pay is available at www.cityofenumclaw.net.

TIME-SAVING PAYMENT OPTIONS

Payments can be made over the phone by calling 1-866-933-4010. Sign up for monthly automatic bank account or credit card payment options or pay online by visiting www.cityofenumclaw.net and clicking on the Online Bill Pay link. For more information call 360-825-3591, Option 1.

DELINQUENT ACCOUNTS

A 1% penalty ($5.00 minimum) will be assessed on all past due bills. The bill becomes delinquent 5 days after the due date. If you believe your bill is incorrect you must contact our office on or before the due date. **A Utility Shut-Off Notice will be mailed to all delinquent accounts 10 days after the due date of the 28th of each month. Per Enumclaw Municipal Code, there is a $20.00 service charge applied to the account at that time. This letter advises the customer of the date payment must be received before disconnection occurs. An additional $25.00 Disconnect Fee is charged if payment is not received by the required date stated on the letter.**

WATER LEAKS

If you suspect that you may have a leak, please call our office for assistance. Meter readings and leak checks can be verified by public works upon request.

BILLING CHANGES

Changes in ownership/tenancy must be requested prior to or by noon on the date of transfer.

BILLING SERVICE INQUIRIES

Low income senior citizen/disabled utility discounts and budget payment plan information is available at **360-825-3591 Option 1** or on our web site www.cityofenumclaw.net.

UTILITY RATE INFORMATION

City Utility rate information is available on our city website at www.cityofenumclaw.net or by calling **360-825-3591 Option 1.** Amounts billed for water and wastewater include a tax of 9.5%, gas includes a tax of 6% and solid waste includes a tax of 8%. The tax is calculated on the gross revenue of the utility.

House bill 1329 allows the City to turn disconnected water service back on during a heat advisory.

The Climate Commitment Act requires the Natural Gas Utility to purchase Emissions Allowances through the Washington State Cap-and-Invest Auction. The cost for this is passed through to our customers as a CCA Charge on your bill.

For more information, see our website www.cityofenumclaw.net

IN CASE OF ERRORS OR INQUIRIES
ABOUT YOUR LES SCHWAB TIRE CENTERS/AFFILIATED DEALERS BILL

YOUR BILLING RIGHTS: KEEP THIS DOCUMENT FOR FUTURE USE

This notice tells you about your rights and our responsibilities under the Fair Credit Billing Act.

WHAT TO DO IF YOU FIND A MISTAKE ON YOUR STATEMENT

If you think there is an error on your statement, write to us at: **Les Schwab Tire Center Credit Department, P.O. Box 5350, Bend, OR 97708**
You may also contact us by email at **creditservices@lesschwab.com**.
In your letter, give us the following information:

- Account information: Your name and account number.
- Dollar amount: The dollar amount of the suspected error.
- Description of problem: If you think there is an error on your bill, describe what you believe is wrong and why you believe it is a mistake.

You must contact us:

- Within 60 days after the error appeared on your statement.
- At least 3 business days before an automated payment is scheduled, if you want to stop payment on the amount you think is wrong.

You must notify us of any potential errors in writing or by email. You may call us, but if you do we are not required to investigate any potential errors and you may have to pay the amount in question.

WHAT WILL HAPPEN AFTER WE RECEIVE YOUR LETTER

When we receive your letter, we must do two things:

- Within 30 days of receiving your letter, we must tell you that we received your letter. We will also tell you if we have already corrected the error.
- Within 90 days of receiving your letter, we must either correct the error or explain to you why we believe the bill is correct.

While we investigate whether or not there has been an error:

- We cannot try to collect the amount in question, or report you as delinquent on that amount.
- The charge in question may remain on your statement, and we may continue to charge you interest on that amount.
- While you do not have to pay the amount in question, you are responsible for the remainder of your balance.
- We can apply any unpaid amount against your credit limit.

After we finish our investigation, one of two things will happen:

- If we made a mistake: You will not have to pay the amount in question or any interest or other fees related to that amount.
- If we do not believe there was a mistake: You will have to pay the amount in question, along with applicable interest and fees. We will send you a statement of the amount you owe and the date payment is due. We may then report you as delinquent if you do not pay the amount we think you owe.

If you receive our explanation but still believe your bill is wrong, you must write to us within 10 days telling us that you still refuse to pay. If you do so, we cannot report you as delinquent without also reporting that you are questioning your bill. We must tell you the name of anyone to whom we reported you as delinquent, and we must let those organizations know when the matter has been settled between us.
If we do not follow all of the rules above, you do not have to pay the first $50 of the amount you question even if your bill is correct.

YOUR RIGHTS IF YOU ARE DISSATISFIED WITH YOUR CREDIT CARD PURCHASES

If you are dissatisfied with the goods or services that you have purchased with your credit card, and you have tried in good faith to correct the problem with the merchant, you may have the right not to pay the remaining amount due on the purchase.
To use this right, all of the following must be true:

- The purchase must have been made in your home state or within 100 miles of your current mailing address, and the purchase price must have been more than $50. (Note: Neither of these are necessary if your purchase was based on an advertisement we mailed to you, or if we own the company that sold you the goods or services.)
- You must have used your credit card for the purchase. Purchases made with cash advances from an ATM or with a check that accesses your credit card account do not qualify.
- You must not yet have fully paid for the purchase.

If all of the criteria above are met and you are still dissatisfied with the purchase, contact us in writing or by email at address listed above:
While we investigate, the same rules apply to the disputed amount as discussed above. After we finish our investigation, we will tell you our decision. At that point, if we think you owe an amount and you do not pay, we may report you as delinquent.

LES SCHWAB TIRE CENTERS AND AFFILIATED DEALERS METHOD OF CALCULATING FINANCE CHARGE

If the total new balance on the monthly statement is paid before the next statement closing date, no **FINANCE CHARGE** will be added to the new balance. If the total unpaid balance is not paid before the closing date on the next monthly statement, a **FINANCE CHARGE** will be added to the account beginning as of the billing date shown on the monthly statement. Les Schwab Tire Centers and Affiliated Dealers compute the **FINANCE CHARGE** as follows: Beginning as of the billing date shown on the monthly statement Les Schwab Tire Centers and Affiliated Dealers will take the beginning balance of the account each day, including any remaining balance owing from prior invoices, add any new purchases or charges, and subtract any payment(s) or credit(s) (the "Daily Balance"). Seller will multiply the Daily Balance by a daily periodic rate of **0.04931 PERCENT** (the **"DAILY FINANCE CHARGE"**) which is an **ANNUAL PERCENTAGE RATE (APR) OF 18 PERCENT.** Seller will each day add the **DAILY FINANCE CHARGE** to the account. The **MONTHLY FINANCE CHARGE** will be the sum of the **DAILY FINANCE CHARGES** that accrue during the billing cycle. The **FINANCE CHARGE** is the greater of the accumulated **DAILY FINANCE CHARGE** or **$0.50 PER MONTH**. Buyer may pay the total unpaid balance at any time without any prepayment penalty.

LATE PAYMENT FEE

For accounts carried in Oregon, Washington, Nevada, Alaska, Utah, Colorado and Idaho. Buyer agrees to pay a late payment fee of $15.00 ($10.00 in California, Montana and Wyoming) for each minimum payment that is not made by Buyer within 10 days (15 days in Idaho) of the date upon which the payment is due.

CREDIT REPORTING

You are hereby notified that a negative credit report reflecting on your credit record may be submitted to the major credit reporting agencies if you fail to fulfill the terms of your credit obligations.

Definitions

Electric

Basic Charge — Covers the costs for meters, meter reading, billing and other costs that do not vary with energy use or the number of days covered by the bill.

Multiplier — Converts the amount of electricity used as measured by your meter into kWh.

kWh — Your use of electricity is billed in units called kilowatt hours. It is a unit of energy that equals 1,000 watts of electricity consumed in one hour.

Energy Exchange Credit — Federal Columbia River Benefits supplied by Bonneville Power Administration from low-cost power generated by federal hydroelectric dams.

Other Electric Charges and Credits — Includes the Merger, Federal Wind Power, and Renewable Energy Credits.

Natural Gas

Basic Charge — Covers the costs for meters, meter reading, billing and other costs that do not vary with energy use or the number of days covered by the bill.

CCF — Your meter measures the volume of natural gas used in hundreds of cubic feet.

Btu Factor — Converts your CCF energy usage into therms by adjusting it for actual heat content. Btu stands for British Thermal Unit.

Therm — Your use of natural gas is billed in units called therms. It is a unit of heat that equals 100,000 Btu.

Other Natural Gas Charges and Credits — Includes the State Carbon Reduction charge and the Merger credit.

State Carbon Reduction Credit — Available proceeds from the state greenhouse gas emission allowances sold at auction through the Washington's Climate Commitment Act Cap-and-Invest Program.

Responsible Party
All waste services are managed, performed, and billed for by individual operating subsidiaries of Republic Services, Inc. Republic Services, Inc. itself does not perform any waste services, nor does it contract for such services. The operating entity providing your waste service is identified on your invoice. Accordingly, all obligations to you, including providing quality service and billing you for service, rests with the operating entity identified on your invoice.

Residential Customers
If you are a residential customer receiving service without a signed customer service agreement, your service is subject to and governed by the Service Terms for Residential Customers located at Republicservices.com/customer-support/residential-service-terms , which include a **CLASS ACTION WAIVER** and **ARBITRATION CLAUSE**, and our right to charge you a container removal fee upon termination of service, among other terms. These terms are subject to change so please review them upon receipt of your invoice. If you do not have access to a computer, you may request that a copy be mailed to you by calling Customer Service at the number on the front of this invoice. Please note that some or all of the Service Terms for Residential Customers may not apply if your services are subject to terms mandated by a governmental entity in your locality.

Check Processing
When you provide a check as payment, you authorize us to use information from your check to make a one-time electronic fund transfer from your account. When we make an electronic transfer, funds may be withdrawn from your account the same day we receive your payment or check and you will not receive your check back from your financial institution.

Cancellation & Payment Policy
Unless prohibited by applicable law, regulation, or franchise or other agreement: (1) we reserve the right to require that payment for services be made only by check, credit card or money order; and (2) if service is canceled during a billing cycle, you will remain responsible for all charges, fees and taxes through the end of the billing cycle. You will not be entitled to proration of billing or a refund for the period between the notice of termination and the end of the current billing cycle.

Understanding Our Rates, Charges and Fees
If you are receiving service without a signed customer service agreement, please visit RepublicServices.com/Fees to review the financial terms and conditions relating to your service. If you are receiving service pursuant to a written contract, but have questions relating to any charges or fees, RepublicServices.com/Fees provides a detailed description of our most common charges and fees. If you do not have access to a computer, you may request that a copy be mailed to you by calling Customer Service at the number on the front of this invoice.

The purchase of products pursuant to this invoice is subject to Stryker's then current terms of sale set forth at (see www.stryker.com/stnc). Any different or additional terms on any purchase order or other document submitted by Buyer are expressly rejected by Stryker. Acceptance of Buyer's purchase order and shipping of Stryker product to Buyer does not serve as acceptance of any such different or additional terms.

The total price shown on this invoice is net of discounts provided at the time of purchase. Some of the products listed on this invoice may be subject to rebates or additional discounts for which separate documentation is provided by Stryker. Customer must (1) claim the value of all discounts and rebates in the fiscal year earned or immediately following fiscal year, (2) properly report and appropriately reflect and allocate prices paid net of all discounts and rebates in Medicare/Medicaid cost reports and all claims for payment filed with third party payers as may be required by law or contract, and (3) provide agents of the United States or a state agency with access to all information from Stryker concerning discounts and rebates upon request.

STRYKER RESERVES THE RIGHT TO CHARGE A 1.5% MONTHLY FINANCE CHARGE (18% PER ANNUM) ON ALL AMOUNTS REMAINING UNPAID AT THE END OF THE NET PERIOD.

NO MERCHANDISE WILL BE ACCEPTED FOR RETURN WITHOUT PRIOR AUTHORIZATION. TO OBTAIN A RETURN AUTHORIZATION OR TO REPORT DISCREPENCIES, PLEASE CALL CUSTOMER SERVICE AT THE NUMBER INDICATED ABOVE.

Please refer to www.stryker.com/returnpolicy for Stryker's product return policies.

HOW TO READ YOUR INVOICE

1. Your Total Due is the total amount of current charges and any previous unpaid Balances combined. This also states the date payment is due to WM, anything beyond that date may incur additional charges.
2. Previous balance is the total due from your previous invoice. We subtract any Payments Received/Adjustments and add your Current Charges from this billing cycle to get a Total Due on this invoice. If you have not paid all or a portion of your previous balance, please pay the entire Total Due to avoid a late charge or service interruption.
3. Service location details the total current charges of this invoice.

New Payment Platform

Here are more details about our enhanced online bill-pay system. Powered by Paymentus, the platform will provide more options and flexibility when managing and paying your bills.

Expanded payment options.
Pay with PayPal, Apple Pay, or Google Pay; via secure direct debit from a bank account; or by credit or debit card.

Anytime, anywhere payments.
Same great 24/7 availability so you can make payments when convenient or set it and forget it with AutoPay.

Complete Hub for account activity.
Continue to view and manage your bills directly from **My WM** (wm.com/mywm).

If your service is suspended for non-payment, you may be charged a Resume charge to restart your service. For each returned check, a charge will be assessed on your next invoice equal to the maximum amount permitted by applicable state law.

CONTACT INFORMATION

For information regarding your account please call: **360-825-3591 Option 1** or visit us at our City website at www.cityofenumclaw.net Office hours are Monday-Friday 9:00 A.M.-5:00 P.M.

UTILITY PAYMENTS

Your bill is due upon receipt and is considered past due if not received in our office by **1:00 PM** on the due date shown on the bill. Payments received after **1:00 PM** will be posted the following business day. Online bill pay is available at www.cityofenumclaw.net.

TIME-SAVING PAYMENT OPTIONS

Payments can be made over the phone by calling 1-866-933-4010. Sign up for monthly automatic bank account or credit card payment options or pay online by visiting www.cityofenumclaw.net and clicking on the Online Bill Pay link. For more information call 360-825-3591, Option 1.

DELINQUENT ACCOUNTS

A 1% penalty ($5.00 minimum) will be assessed on all past due bills. The bill becomes delinquent 5 days after the due date. If you believe your bill is incorrect you must contact our office on or before the due date. **A Utility Shut-Off Notice will be mailed to all delinquent accounts 10 days after the due date of the 28th of each month. Per Enumclaw Municipal Code, there is a $20.00 service charge applied to the account at that time. This letter advises the customer of the date payment must be received before disconnection occurs. An additional $25.00 Disconnect Fee is charged if payment is not received by the required date stated on the letter.**

WATER LEAKS

If you suspect that you may have a leak, please call our office for assistance. Meter readings and leak checks can be verified by public works upon request.

BILLING CHANGES

Changes in ownership/tenancy must be requested prior to or by noon on the date of transfer.

BILLING SERVICE INQUIRIES

Low income senior citizen/disabled utility discounts and budget payment plan information is available at **360-825-3591 Option 1** or on our web site www.cityofenumclaw.net.

UTILITY RATE INFORMATION

City Utility rate information is available on our city website at www.cityofenumclaw.net or by calling **360-825-3591 Option 1.** Amounts billed for water and wastewater include a tax of 9.5%, gas includes a tax of 6% and solid waste includes a tax of 8%. The tax is calculated on the gross revenue of the utility.

House bill 1329 allows the City to turn disconnected water service back on during a heat advisory.

The Climate Commitment Act requires the Natural Gas Utility to purchase Emissions Allowances through the Washington State Cap-and-Invest Auction. The cost for this is passed through to our customers as a CCA Charge on your bill.

For more information, see our website www.cityofenumclaw.net

BOARD OF COMMISSIONERS
The Board of Commissioners meets the second and fourth Tuesday of each month. Meetings begin at 4:30 p.m. at District Headquarters. The meetings are open to the public. Agenda topics can be scheduled up to 48 hours in advance by calling (253) 631-0565 during office hours.

OFFICE LOCATION AND HOURS OF OPERATION
Covington Water District is located at 18631 SE 300th Place, Covington, WA 98042. Our office is open 8:00 am to 4:30 pm Monday through Friday, excluding holidays.

PAYMENT OPTIONS
Property owners are encouraged to register their account online to take advantage of personalized billing and payment options. Tenants now have the option to make a single quick payment online. Payments can be made over the phone or online using a Visa, MasterCard, Discover or Checking account. Please visit our website www.covingtonwater.com for more information. Customer Service can be reached at (253) 631-0565 if you have any questions regarding your utility bill.

PAYMENT TERMS
Payments are due 25 days after the statement date. The payment due date is for current charges only. Any balance forward is considered delinquent and is subject to additional fees and disconnection for non-payment.

LATE FEES
If payment is not received in full by 4:30 PM eight days following the payment due date, a 10% late fee is added and a reminder notice is mailed.

CUSTOMER SERVICE
Customer service can be reached at (253) 631-0565 or by email at customer.service@covingtonwater.com

LIENS
Accounts more than 60 days delinquent are subject to liens, including fees and interest.

FAILURE TO RECEIVE A BILL
Failure to receive a bill does not relieve a customer from the responsibility for payment of charges and penalties.

DISCONNECTION OF SERVICE
A disconnect notice is mailed if payment is not received 40 days after the statement date. Failure to pay before the shut off date listed on the notice will result in additional charges and disconnection of service. Payment must be made in full, prior to water service being reinstated. The District shall not be held liable or responsible for loss or damage arising from the interruption of the water supply.

RETURNED PAYMENTS
If your payment is returned to us unpaid by your bank or credit card company, repayment is required in the form of cash, cashier's check or money order, along with a returned payment fee (see Rate Table II on our website for current charge). If payment was to avoid a shut-off, your service will be disconnected immediately and an additional fee will be added.

RATES
Winter rates are in effect October 1 through May 31. Summer rates are in effect June 1 through September 30. Billing statements that include water consumption over winter and summer periods will be prorated based on a 60 day average. See our website www.covingtonwater.com for complete rate information.

CONSUMPTION
Consumption is billed in 100 cubic feet (1 unit of consumption). 1 unit = 748 gallons of water.

Equipment:
- FS96 155kW | SN: 3010109

1/13/2026 - On arrival MLCB is in tripped position. All other standby systems appear normal. Block heater and battery charger functioning. Small fuel drip forming on fuel/water separator filter sense lead. First engine start in manual took about 10 seconds. Subsequent starts were 3 seconds. Inspected ATS. Alarm history shows exercise function attempted on 1/12/26 but ATS did not transfer because no voltage from generator, consistent with MLCB open. Performed transfer test using service disconnect. Engine started and transferred immediately. Ran under various building loads for 20 minutes with no issues noted. Adjusted Normal to Emergency transfer time from 1 second to 5 seconds. System is functioning normally at this time. Left unit in auto, no alarms.

Basic Charge — Covers the costs for meters, meter reading, billing and other costs that do not vary with energy use or the number of days covered by the bill.

CCF — Your meter measures the volume of natural gas used in hundreds of cubic feet.

Btu Factor — Converts your CCF energy usage into therms by adjusting it for actual heat content. Btu stands for British Thermal Unit.

Therm — Your use of natural gas is billed in units called therms. It is a unit of heat that equals 100,000 Btu.

Other Natural Gas Charges and Credits — Includes the State Carbon Reduction chage and the Merger credit.

State Carbon Reduction Credit — Available proceeds from the state greenhouse gas emission allowances sold at auction through the Washington's Climate Commitment Act Cap-and-Invest Program.

The State Carbon Reduction Credit has been adjusted for the billing period as it may not exceed the amount of the billed State Carbon Reduction Charge.

Responsible Party

All waste services are managed, performed, and billed for by individual operating subsidiaries of Republic Services, Inc. Republic Services, Inc. itself does not perform any waste services, nor does it contract for such services. The operating entity providing your waste service is identified on your invoice. Accordingly, all obligations to you, including providing quality service and billing you for service, rests with the operating entity identified on your invoice.

Residential Customers

If you are a residential customer receiving service without a signed customer service agreement, your service is subject to and governed by the Service Terms for Residential Customers located at Republicservices.com/customer-support/residential-service-terms which include a **CLASS ACTION WAIVER** and **ARBITRATION CLAUSE**, and our right to charge you a container removal fee upon termination of service, among other terms. These terms are subject to change so please review them upon receipt of your invoice. If you do not have access to a computer, you may request that a copy be mailed to you by calling Customer Service at the number on the front of this invoice. Please note that some or all of the Service Terms for Residential Customers may not apply if your services are subject to terms mandated by a governmental entity in your locality.

Check Processing

When you provide a check as payment, you authorize us to use information from your check to make a one-time electronic fund transfer from your account. When we make an electronic transfer, funds may be withdrawn from your account the same day we receive your payment or check and you will not receive your check back from your financial institution.

Cancellation & Payment Policy

Unless prohibited by applicable law, regulation, or franchise or other agreement: (1) we reserve the right to require that payment for services be made only by check, credit card or money order; and (2) if service is canceled during a billing cycle, you will remain responsible for all charges, fees and taxes through the end of the billing cycle. You will not be entitled to proration of billing or a refund for the period between the notice of termination and the end of the current billing cycle.

Understanding Our Rates, Charges and Fees

If you are receiving service without a signed customer service agreement, please visit RepublicServices.com/Fees to review the financial terms and conditions relating to your service. If you are receiving service pursuant to a written contract, but have questions relating to any charges or fees, RepublicServices.com/Fees provides a detailed description of our most common charges and fees. If you do not have access to a computer, you may request that a copy be mailed to you by calling Customer Service at the number on the front of this invoice.

Per the reporting agreement of the InterLocal Agreement for CARES services with Mountain View Fire & Rescue, the Valley Regional Fire Authority presents this 2025 Bi-annual CARES report. Per the agreement, this report includes total patient referrals, location of referrals, time spent with patients, and enrollments into *Julota* (case management software system), during the entire year of 2025.

The following data reflects trends in 2025

	Mt. View F&R	VRFA/other*	CARES total
Number of referrals received	76	554	630
Number of unique patients	36	452	488
Number of new enrollments into Julota	34	216	246
Time spent on patients***	87 hours, 23 minutes		
Patient locations	98002 (2), 98010 (9), 98022 (3), 98042 (11), 98002 (2), 98092 (7)		

*" Other" includes referrals from other CARES programs, and our self-referral
**Number of patients not served varied due to: deceased, patient went to higher level of care
***Time spent on patients is defined as any interaction with a patient, care provider, friend or family member, or administrative time in which time spent is entered into Julota software system.

Impact of [CARES enrolled] patient's 911 and ED usage: 60 days post-enrollment

To be included in these counts, interventions must have been open at any point during the timeframe AND have been closed for at least the length of the interval at the time the report is run.

Good morning,

I am following up on a couple of referrals you made for a 60s y/o woman who lives with her elderly mother in Black Diamond. She has a history of psychiatric decompensation related to challenges with medication management, UTI's as a result of inability to meet personal care needs, and falls. CARES has worked with this pt and her family off and on for the last few years as their needs and situation have changed. I think we made some really significant progress with the family this time around. They have finally chosen to move forward with caregiving in the home. They have the resources to pay for this privately until the time comes when this patient can qualify for state assistance. The pt's brother has taken charge of medical decision making and followed up on our recommendation to connect with an elder law attorney for additional assistance with long term planning. CARES has worked closely with Adult Protective Services as well and while I hope it doesn't come to this, we have built a good foundation from which to jump if the situation require state guardianship in the future to ensure pt care and safety. For now, things at home have significantly improved, remain steady, and they are ready for CARES to close the enrollment. If things go off the rails and you see them again, please re-refer and we will jump back in.

Thank you for thinking of your CARES team when you are out there! We appreciate every opportunity to assist you in serving the community.

Take care,

NOVEMBER 2025

IRP STORYBOARD

This was a great month of November, both Mt. View and Vashon maintained strong fitness, mobility, and nutrition support, including the integration of Mt. View's new battle ropes. Across both departments, on-site days, group sessions, one-on-one coaching, and individualized programming ensured consistent progress and readiness.

Battle Ropes

Mt. View Fire Department invested in some battle ropes for their stations and we were able to incorporate them into workouts this month. Not only do they change things up but they also provide a functional, efficient way to build the strength, endurance, and cardiovascular capacity firefighters need on the fireground. Their high-intensity, low-impact movements strengthen the upper body, core, and grip—muscle groups essential for advancing hoselines, managing equipment, and operating tools under fatigue. Because battle rope drills elevate heart rate quickly without adding heavy external load, they safely improve work capacity across a wide range of fitness levels. Overall, they are a practical training tool that supports injury reduction and enhances operational readiness.

DECEMBER 2025

IRP STORYBOARD

In December, 22 days on-site supported both departments with 15 group workouts reaching 43 firefighters, alongside continued emphasis on individualized training, custom strength and mobility programming, and nutrition support to enhance performance and reduce injury risk.

Columbia Stair Climb

We have some big goals in 2026, and many of them revolve around the Columbia Stair Climb in March. With so many driven individuals looking to beat previous times—or take on the climb for the first time—we decided to start training early so that by March, our firefighters are true stair-climbing machines. This training directly translates to the job: improved leg strength, cardiovascular capacity, and fatigue resistance under load all mirror the demands of stairwells, and extended operations in gear. The result is better performance on the stairs and more resilient, capable firefighters on scene.

OPMA – AGENCY OBLIGATIONS: A STARTING POINT

Practice Tips FOR LOCAL GOVERNMENTS

The basic requirement of the Open Public Meetings Act (OPMA) is that meetings of governing bodies be open and public. Use these practice tips to guide your agency's OPMA compliance. For more information and resources visit mrsc.org/opma.

BASIC REQUIREMENTS

- **All meetings open and public.** All meetings of governing bodies of public agencies must be open to the public, except for certain exceptions outlined in the OPMA (RCW 42.30.030).
- **Quorum.** Generally, a gathering of the members of a governing body is subject to the OPMA when a quorum (majority) of the governing body is in attendance with the collective intent to take action, which includes discussion or deliberation as well as voting (RCW 42.30.020(2) & (3)).
- **Attendees.** All persons must be permitted to attend and attendees cannot be required to register their names or other information as a condition of attendance. Disruptive and disorderly attendees may be removed (RCW 42.30.040 & .050).
- **No secret ballots.** Votes may not be taken by secret ballot (RCW 42.30.060(2)).
- **Adoption of ordinances.** Ordinances, resolutions, rules, regulations, and orders must be adopted at a public meeting or they are invalid (RCW 42.30.060(1)).

POSITION IN AGENCY	REQUIRED TO COMPLY
Member of a governing body* • City or Town Councilmember or Mayor* • County Commissioner or County Councilmember • Special Purpose District Commissioner/Board Member	 Yes Yes Yes
Member of a subagency created by ordinance or legislative act, e.g.: • Planning Commission • Library Board • Parks Board • Civil Service Commission	 Yes Yes Yes Yes
Member of a committee • Committees that act on behalf of (exercise actual or de facto decision-making authority for) the governing body, conduct hearings, or take testimony or public comment • Committees that are purely advisory	 Yes No
Agency staff	No, unless agency employee is a member of a committee that is required to comply

* In a city with a "strong" mayor, the mayor does not count towards a quorum and is only subject to the OPMA when presiding over a council meeting or serving on a committee that is required to comply.

PENALTIES FOR NONCOMPLIANCE

- **Actions null and void.** Any action taken at a meeting which fails to comply with the provisions of the OPMA is null and void (RCW 42.30.060(1)).
- **Personal liability.** Any member of a governing body who attends a meeting knowing that it violates the OPMA can be personally ordered to pay $500 for the first violation and $1,000 for any subsequent violation (RCW 42.30.120(1)(2)).
- **Agency liability.** Any person who wins a lawsuit against an agency for a violation of the OPMA will be awarded all costs, including attorney fees, incurred in connection with that legal action (RCW 42.30.120(2).

MEETINGS NOT SUBJECT TO OPMA UNDER RCW 42.30.140

- **Quasi-judicial proceedings.** Quasi-judicial proceedings are not subject to OPMA requirements. Typically, a city or county governing body is acting in a quasi-judicial capacity when it acts like a court as opposed to adopting policy. This happens in certain land use actions such as site-specific rezones, conditional use applications, variances, and preliminary plat applications. Other examples include the civil service commission when it is considering an appeal of a disciplinary decision and the LEOFF disability board when it is considering an application for disability benefits. However, where a public hearing is required for a quasi-judicial matter, only the deliberations by the body considering the matter can be in closed session.
- **Collective bargaining sessions.** Collective bargaining sessions with employee organizations are not subject to OPMA requirements and may occur in closed session without following OPMA procedures. This exemption applies to contract negotiations, grievance meetings, and discussions about the interpretation or application of a labor agreement or to that portion of a meeting when the governing body is planning or adopting its strategy during the course of any collective bargaining, professional negotiations, grievance or mediation proceedings, or reviewing the proposals made in the negotiations or proceedings in progress.

Note: Jurisdictions may choose to conduct these proceedings in an open meeting despite the statutory exemption, although a jurisdiction cannot unilaterally mandate that collective bargaining negotiations occur at an open public meeting.

OPMA TRAINING REQUIREMENTS

- Every member of a governing body of a public agency must complete training requirements on the OPMA within 90 days of assuming office or taking the oath of office (RCW 42.30.205(1)).
- In addition, every member of a governing body must complete training at intervals of no more than four years as long as they remain in office (RCW 42.30.205(2)).

DISCLAIMER: These practice tips are meant to provide summary information on basic agency obligations of the OPMA; the practice tips are not intended to be regarded as specific legal advice. Consult with your agency's legal counsel for guidance on specific situations.

Practice Tips FOR LOCAL GOVERNMENTS

The Open Public Meetings Act (OPMA) requires agencies to make available the agendas for both regular and special meetings within specific timeframes and following specified methods as outlined in our Notice Requirements Practice Tips. This tip sheet provides additional guidance that is focused on developing and modifying agendas. For more information and resources visit mrsc.org/opma.

WHO DRAFTS THE PRELIMINARY AGENDA?

While the basic authority to establish an agenda for a meeting of the governing body rests with that body under its authority to adopt rules of procedure and hold meetings, this authority is often delegated to the chair, the administrator/manager, or the clerk.

Tips from Local Rules: The rules of procedure of each governing body often address agenda preparation and the rules can be tailored to that agency's specific needs. One constant is that the clerk or secretary of the board is an integral part of the agenda development process.

CAN AN AGENDA BE MODIFIED? WHO CAN MODIFY AN AGENDA?

State law only requires a preliminary agenda be made available (RCW 42.30.077) and does not prohibit subsequent modifications being made to the agenda. State law also doesn't direct who can modify a preliminary agenda. Both of these matters are often addressed in the governing body rules.

Tips from Local Rules: Examples of rules on these topics range from requiring a specified number of members of the governing body (but less than a majority) ask for an item be added to the agenda, or allowing the executive or chair to add an item on their own initiative, or only allowing time critical matters be added after publication of the preliminary agenda.

WHEN CAN AN AGENDA BE MODIFIED?

- **Before the meeting,** as provided for by rule of the governing body.

Tips from Local Rules: Some local rules identify a deadline for adding items to an agenda, such as three business days before the meeting date. Others limit modification of the preliminary agenda by establishing a standard agenda setting process, such as requiring agenda items be selected from an agenda planner or having an agenda planning committee set the agenda at their weekly agenda planning meetings.

- **During the meeting,** upon a motion and majority vote of the governing body or by consensus if that is the agency practice.

  Often, the vote to modify the agenda will occur at the outset of the meeting when the final agenda is being approved, although it can happen at any point during the meeting, unless otherwise limited by local rule.

Note on Consent Agendas: A consent agenda is where multiple items are placed and are passed upon a single motion, without debate. If the agency uses a consent agenda then (unless the governing body's rules say differently) any member can remove an item from the consent agenda and place it in the meeting agenda to be discussed/voted on separately during the meeting.

DOES THE AGENDA HAVE TO BE AMENDED TO TAKE NEW ACTION?

For regular meetings

We recommend modifying the agenda before action is taken on a new topic as a best practice, although failure to amend the agenda to add the new topic wouldn't invalidate the action. Approval to modify the agenda doesn't have to be particularly formal (consensus may be ok if no member objects).

For special meetings

The agenda can be modified to discuss a new matter, but the agency cannot take final action (vote) at that meeting on the new agenda item, unless the modified agenda (notice) was posted and delivered at least 24 hours in advance of the meeting, pursuant to RCW 42.30.080.

DISCLAIMER: These practice tips are meant to provide practical information to local government officials and staff about electronic records and requirements under the OPMA. The tips aren't intended to be regarded as specific legal advice. Consult with your agency's attorney for guidance on specific situations.

OPMA – EXECUTIVE SESSIONS

Checklist FOR LOCAL GOVERNMENTS

The Open Public Meetings Act (OPMA) requires specific steps be taken in order to hold an executive session. Use this checklist to guide your agency's compliance with the OPMA as it applies to executive sessions. For more information and resources visit mrsc.org/opma.

REQUIREMENT	COMPLETED
Meeting An executive session can only be held as part of a regular or special meeting.	☐
Purpose The presiding officer announces in open session the purpose/topic of the executive session.	☐
End Time The presiding officer announces in open session the time the executive session will end. Note: Announce a specific time – announcing a length of time is not sufficient.	☐
Legal Counsel Legal counsel is present during the executive session, if required.	☐
Confidentiality At the start of the executive session, participants are reminded that discussions are confidential.	☐
Discussion topics for local governments as set forth in RCW 42.30.110(1). (See Notes for Specific Discussion Topics in Practice Tips section.)	
• Matters affecting national security (RCW 42.30.110(1)(a)(i)).	☐
• Infrastructure and security of agency computer and telecommunications network (RCW 42.30.110(1)(a)(ii)). Note: Requires presence of legal counsel.	☐
• Consideration of site selection or acquisition of real estate purchase or lease if likelihood that disclosure would increase price (RCW 42.30.110(1)(b)).	☐
• Consideration of the minimum offering price for sale or lease of real estate if there's a likelihood that disclosure would decrease the price (RCW 42.30.110(1)(c)). Only minimum price may be discussed; factors influencing price must be discussed in public session. See *Columbia Riverkeeper v. Port of Vancouver*. Note: Final action selling or leasing public property must also be taken in open session.	☐
• Complaints or charges brought against a public officer or employee (RCW 42.30.110(1)(f)). Note: At respondent's request, discussion must be in open session.	☐
• Qualifications of an applicant for public employment (RCW 42.30.110(1)(g)).	☐
• Performance of a public employee (RCW 42.30.110(1)(g)).	☐
• Qualifications of an applicant/candidate for appointment to elective office (RCW 42.30.110(1)(h)). Any interviews or votes must be held in open session.	☐
• Discussions with legal counsel regarding agency enforcement actions (RCW 42.30.110(1)(i)).	☐
• Discussion with legal counsel about current or potential litigation (RCW 42.30.110(1)(i)).	☐
• Discussion with legal counsel about legal risks of current or proposed action (RCW 42.30.110(1)(i)).	☐

REQUIREMENT	COMPLETED
Minutes The minutes of the regular or special meeting at which the executive session is held states the announced purpose of the executive session.	☐
Extended End Time If the executive session is not completed by the originally announced end time, the presiding officer announces the extended end time in open session before returning to executive session.	☐
Resumption Open session is not resumed until after the announced end time.	☐

Practice Tips FOR LOCAL GOVERNMENTS

An executive session must begin after a regular or special meeting is convened and adjourn before the meeting ends. You can hold a special meeting for the sole purpose of holding an executive session.

Before going into executive session, the chair must announce the executive session to those in attendance at the meeting, including: (1) the purpose of the executive session; and (2) the time when the executive session will end. Minutes of the regular or special meeting must reflect the stated purpose of the executive session.

ANNOUNCED PURPOSE

The announced purpose of the executive session must be one of the statutorily-identified purposes for which an executive session may be held. The announcement must contain enough detail to identify the purpose as falling within the limits of the law.

It would not be sufficient, for example, for a meeting chair to declare simply that the governing body will now meet in executive session to discuss "personnel matters." Discussion of personnel matters, in general, is not an authorized purpose for holding an executive session; only certain specific issues relating to personnel may be addressed in executive session.

Attendance of legal counsel: Legal counsel must be present at an executive session, either in person or remotely via a device that allows two-way communication, to discuss enforcement actions, current or potential litigation, or the legal risks of current or proposed action (RCW 42.30.110(1)(l)). "Potential litigation" means litigation that has been specifically threatened to which the agency, the governing body, or a member acting in an official capacity is, or is likely to become, a party; or the agency reasonably believes may be commenced by or against the agency, the governing body, or a member acting in an official capacity. Discussion of the "legal risks" of a current or proposed action can only occur in executive session if public discussion of those legal risks is likely to result in an adverse legal or financial consequence to the agency. Legal counsel should also be present for considerations regarding infrastructure and security of computer and telecommunications networks (RCW 42.30.110(1)(a)(ii)).

NOTES FOR SPECIFIC DISCUSSION TOPICS

(See Discussion topics for local governments as set forth in RCW 42.30.110(1) in Checklist section.)

- **Security of computer and telecommunications network.** Governing body may be briefed in executive session about agency cybersecurity issues or data breaches. If a data breach occurs, the agency must comply with breach notification requirements.
- **Contract Performance.** Review of contract performance of publicly bid contracts may only be discussed in executive session when public knowledge of such consideration would likely cause increased costs.
- **Qualifications of an applicant for public employment or review of performance of a public employee.** Be careful not to take any votes, straw polls, or anything that can be interpreted as making a collective decision while in executive session. If the governing body elects to take final action regarding hiring, setting the salary of an individual employee or class of employees, or discharging or disciplining an employee, that action must be taken in open session.
- **Qualifications of candidate for appointment to elective office.** You can discuss the qualifications in executive session, but the candidate interviews and final action appointing a candidate to elective office must be in an open public meeting.

LENGTH OF SESSION

If the governing body concludes the executive session before the time stated, the body should not reconvene in open session until the time stated. Otherwise, the public may, in effect, be excluded from that part of the open meeting that occurs between the close of the executive session and the time when the chair announced the executive session would conclude. If the executive session is not over at the stated time, it may be extended only if the chair announces to the public at the meeting place that it will be extended to a newly stated time.

ATTENDANCE

Attendance at an executive session need not be limited to the members of the governing body. Persons other than the governing body may attend the executive session at the invitation of the governing body. Those invited should have some relationship to the matter being addressed in the executive session, or they should be in attendance to otherwise provide assistance to the governing body. Note that if the stated purpose for the executive session is to discuss litigation or potential litigation with the governing body's attorney, the presence of persons at the session who are not governing body members or agency staff may waive the attorney-client privilege.

MINUTES

Minutes are not required to be taken at an executive session. If minutes or notes are taken during an executive session, they may be subject to the disclosure requirements of the Public Records Act. The minutes of the regular or special meeting at which the executive session is held must state the announced purpose of the executive session.

DISCLAIMER: These practice tips are meant to provide summary information on executive sessions; these tips are not intended to be regarded as specific legal advice. Consult with your agency's attorney for guidance on specific situations.

Practice Tips FOR LOCAL GOVERNMENTS

The Open Public Meetings Act (OPMA) requires agencies to take minutes of all regular and special meetings of the governing body. This tip sheet provides guidance on taking meeting minutes. For more information and resources visit mrsc.org/opma.

TAKING MINUTES

Statutory requirement to take minutes

Agencies subject to the OPMA are required to keep minutes pursuant to RCW 42.30.035:

> *The minutes of all regular and special meetings except executive sessions of such boards, commissions, agencies, or authorities shall be promptly recorded and such records shall be open to public inspection.*

Who **approves** the minutes?

The OPMA doesn't address approval of minutes, but local rules generally require that the governing body approve the minutes. Governing body approval of minutes is consistent with the direction in an informal opinion of the Attorney General's Office stating that, only after the proposed minutes have been reviewed by the governing body and signed by its members in the manner provided for in its procedures, do the minutes become the official record of the meeting. See AGLO 1972 No. 19.

Local policies often require that members of the governing body who were absent from a meeting review the audio or video recording of that meeting in order to participate in approval of the minutes for the meeting at which they were absent.

Who **signs** the minutes?

There is no controlling state law. Some local policies authorize the presiding officer or clerk to sign the minutes, while others require that each member of the governing body sign them.

Who **takes** the minutes?

The OPMA doesn't designate a specific position in the local agency as the taker of minutes. Other statutes may assign that duty to a specific job title. For example, the city clerk of second class cities and the clerk of the board of county commissioners are assigned this duty (RCW 35.23.121, RCW 36.32.110). Where a statute assigns the duty to a member of the governing body, the body can delegate taking and preparing minutes to staff.

EXECUTIVE SESSIONS

The regular or special meeting minutes must reflect the purpose of the executive session. See RCW 42.30.110(2).

Don't take minutes during the executive session: there is no general exemption that applies to executive session minutes under the Public Records Act (PRA).

AVAILABILITY OF MINUTES

- The OPMA requires minutes to be recorded "promptly" but does not set forth a specific timeframe. See RCW 42.30.035.
- Agency local rules may set a timeframe for minutes to be approved by the governing body, such as approval at the next regular meeting, within one month of the meeting, or some other designated time. MRSC suggests coordinating this deadline with your clerk or secretary of the board to allow them sufficient time to prepare the minutes in consideration of the rest of their work.
- Draft minutes are not exempt under the PRA.
- There is no statutory requirement that the minutes be posted to the agency website.

HOW TO CORRECT MINUTES?

- **Before adoption,** by motion to amend the draft minutes.
- **After adoption,** by motion at a future meeting.

GENERAL BEST PRACTICES FOR TAKING MINUTES

- **Take "action" minutes.** Action minutes note the attendees, agenda items, and *only* the action taken.

  For example: Motion made by Councilmember Li. Seconded by Councilmember Jones. Item passed (and include the vote count; local option to record how each member voted).

  Taking action minutes avoids the governing body spending time arguing about who said what, or "correcting" the minutes when one of the members claims they didn't say (or mean) something.

- **Supplement "action" minutes with recordings, if available.** If the agency records the meeting, the recording can be made available to the public along with the action minutes for the benefit of those who desire more detail.

Practice Tips FOR LOCAL GOVERNMENTS

The Open Public Meetings Act (OPMA) requires agencies to provide sufficient public notice of their meetings and, in some cases, to post the agenda for the meeting in advance. Use these practice tips as a starting guide for OPMA notice requirements. For more information and resources visit mrsc.org/opma.

REGULAR MEETINGS (RCW 42.30.070, .077)	SPECIAL MEETINGS (RCW 42.30.080)
Definition	
Held in accordance with a schedule fixed by ordinance, resolution, bylaws, or other rule.	Anything other than a regular meeting. May be called by the presiding officer or a majority of the members of the governing body.
Notice and Agendas	
Agendas must be made available on the agency's website at least 24 hours in advance of the meeting unless the agency: • Has an aggregate valuation of the property subject to taxation by the district, city, or town of less than $400,000,000, as placed on the last completed and balanced tax rolls of the county preceding the date of the most recent tax levy; • Has a population within its jurisdiction of under 3,000 persons; and • Provides confirmation to the state auditor at the time it files its annual reports under RCW 43.09.230 that the cost of posting notices on a website of its own, a shared website, or on the website of the county in which the largest portion of the district's, city's, or town's population resides, would exceed one-tenth of one percent of the district's, city's, or town's budget. This requirement does not prohibit subsequent modifications to agendas. There are no other notice requirements for regular meetings in the OPMA. However, other relevant laws apply to some local governments. For example, cities and towns are required to establish a procedure for notifying the public of the preliminary agenda for the forthcoming council meeting and any upcoming hearings (although not necessarily online). See RCW 35A.12.160, 35.22.288, 35.23.221, 35.27.300. There are no similar requirements for counties or special purpose districts related to preliminary agendas.	The special meeting notice must specify the date, time, and place of the special meeting, and the business to be transacted. **Personal notice.** Written notice must be delivered personally, by mail, fax, or e-mail at least 24 hours before the meeting to: • Each member of the governing body, unless the member submits a written waiver of notice in advance with the clerk or secretary, or the member is actually present at the meeting; and • Each member of the news media who has on file with the governing body a written request for notice of special meetings. **Website notice.** Notice must be posted on the agency's website 24 hours in advance of the meeting, unless the agency: • Doesn't have a website or share a website with another agency; or • Employs no full-time equivalent employees; or • Doesn't employ personnel whose duty, as defined by a job description or existing contract, is to maintain or update the website. ***Note:*** *The two latter exceptions to posting website notice do not apply to a remote meeting or a meeting at which the physical attendance by some or all members of the public is limited due to a declared emergency which prevents a meeting from being held in person with reasonable safety.* **Agency's principal location notice:** Notice must be prominently displayed 24 hours in advance at the main entrance of the agency's principal location and the meeting site if the meeting isn't held at the agency's principal location. ***Note:*** *During a declared emergency which prevents a meeting from being held in-person with reasonable safety, an agency that hosts a website or shares a website with another agency may, in lieu of the notice at the agency's principal location and the meeting site, instead post notice of a remote meeting without a physical location on the website hosted or shared by the agency.*

REGULAR MEETINGS (RCW 42.30.070, .077)	**SPECIAL MEETINGS** (RCW 42.30.080)
Notice and Public Comment	
If the agency is required by state law to solicit public comment for a statutorily specified period of time and is required by state law to provide notice that it is soliciting public comment, the notice must specify the first and last date and time by which written public comment may be submitted. See RCW 42.30.250.	
Emergencies	
In an emergency situation (e.g., fire, flood, earthquake, or other emergency), a meeting may be held at a site other than the regular meeting site, and the notice requirements under the OPMA are suspended during such an emergency.	The notices required for special meetings aren't required if a special meeting is called to deal with an emergency involving injury or damage to persons or property or the likelihood of such injury or damage, when time requirements of such notice would make notice impractical and increase the likelihood of such injury or damage.
Holidays	
Regular meetings shall not be held on holidays. If a regular meeting falls on a holiday, the meeting must be held on the next business day.	Although not specifically addressed by the OPMA, we recommend that special meetings not be held on holidays out of consideration for public participation.
Business Transacted	
There are no restrictions on the type of business that may be transacted at regular meetings. The agency can go into executive session even if one was not noticed.	The agency can add matters for discussion to the agenda including an executive session. But, final disposition cannot be taken on any matter not listed in the special meeting notice.

Affected Personnel

All Mountain View Fire and Rescue Board of Fire Commissioners and the Fire Chief

Goals

To clearly define the governance rules, policies, purpose, proceedings and business of the Mountain View Fire and Rescue Board of Fire Commissioners. The rules shall be in effect upon adoption by resolution by the Board and until such time as they are amended, or new rules are adopted in the manner provided by these rules.

Compliance

All MVFR personnel are expected to adhere to this policy and related procedures, guidelines, and protocols established by the Fire Chief, command staff, and governing authorities. Non-compliance may result in disciplinary action, including but not limited to reprimand, training, suspension, or termination, as deemed appropriate, based on the severity and recurrence of the violation.

SECTION 1: *Board Members, Terms and Oath*

1. The Board of Fire Commissioners shall consist of five (5) members elected in accordance with state law. Except as otherwise provided by law, Commissioners shall hold office for terms of six (6) years. Terms of Commissioners shall be staggered as provided by law.

2. Newly elected Commissioners shall take office at the first meeting in January following their election, provided the county auditor has certified election results. The newly elected Commissioner shall take and subscribe to an official oath of office prior to their first meeting, and administered by an "authorized administrator" (i.e. Notary). A new commissioner may also participate in a ceremonial oath of office during a regular board of commissioner meeting, which may be given by anyone. A Commissioner elected to less than a full term shall assume office as soon as the election results have been certified and shall take and ascribe to the Oath of Office.

3. Advisory Board Members appointed from the City of Black Diamond and the Muckleshoot Indian Tribe shall be appointed by their respective agency for up to a one-year term with such terms beginning in January or upon appointment date. In the event of a vacancy in these positions, the respective organization shall fill the vacancy immediately. Advisory Board Members shall report to the Board regarding matters from their respective agencies that are relevant to the Fire District. Advisory Board Members shall participate in the discussion and are not eligible to vote.

4. Each Fire Commissioner shall take an oath to support the constitutions of the United States and the State of Washington and to faithfully discharge the duties of their office to the best of their ability.
    - I, _____, having been duly elected (or "appointed" if filling a board vacancy) Commissioner for the Board of Fire Commissioners of Mountain View Fire and Rescue, do solemnly swear that I will faithfully and impartially perform the duties of Commissioner of Mountain View Fire and Rescue, as prescribed by law and to the best of my ability and that I will support and maintain the laws and constitution of the State of Washington and the United States.

SECTION 2: *Board Secretary and Oath*

1. The Fire Commissioners shall appoint a Secretary for the District, who may or may not be a member of the Board or staff, for such term as they shall determine. The Secretary, if a member of the Board, shall not receive additional compensation for serving as Secretary, or if a member of Fire District staff, overtime compensation may be permissible.

2. The Board Secretary shall take an oath to support the constitutions of the United States and the state of Washington and to faithfully discharge the duties of their office to the best of their ability.
    - I, _____, having been duly appointed Secretary for the Board of Fire Commissioners of Mountain View Fire and Rescue, do solemnly swear that I will faithfully and impartially perform the duties of Secretary of Mountain View Fire and

Rescue, as prescribed by law and to the best of my ability and that I will support and maintain the laws and constitution of the State of Washington and the United States.

3. The Board Secretary shall attend all meetings of the Board unless excused by the Chair or the Chief; and in such an event, an acting Board Secretary shall be designated to attend the meeting by the Chair or the Chief. The Board Secretary shall be approved to attend the meeting remotely if unable to attend in person.
4. Compensation for the Board Secretary, who is not a Board member or employee of the Fire District, shall be paid a rate per Board acceptance under a personal services agreement.

SECTION 3: *Board Meetings*

1. Open Public Meetings
   - All meetings of the Mountain View Fire and Rescue Board of Commissioners shall be open to the public and all persons shall be permitted to attend any meeting of this body, except as provided in RCW Chapter 42.30.

2. Regular Meetings
   - The regular meetings of the Board shall be held at 1 PM on the fourth (4th) Tuesday of each month at Fire Station 95, or at other times and places determined by Resolution of the Board. When a meeting falls on a legal holiday, the meeting shall held on the next business day unless voted on by a majority vote of the Board, per RCW 42.30.070.

3. Special Meetings
   - Special Meetings may be called by the Chair or by any three (3) members of the Board. Written notice of a special meeting, stating the purpose of the meeting, shall be made available and posted in the manner required by RCW 42.30.080. Business transacted at a special meeting will be limited to that stated in the notice of the meeting.

4. Emergency Meetings
   - Emergency meetings may be called by the Chair, in accordance with RCW 42.30.070.

5. Executive and Closed Sessions
   - The Board may hold executive sessions pursuant to a purpose authorized under RCW 42.30.110 and may hold closed meetings pursuant to RCW 42.30.140(4). Attendance in executive sessions or closed meetings shall be limited to the Board members, including ex-officio members, and such other staff members and consultants authorized by the Chair or a majority of the Board members. The public is restricted from attendance. Executive and closed sessions shall not be electronically recorded. The Chair will publicly announce the purpose for excluding the public from the meeting place, and the time when the executive session will be concluded. The executive session may be extended to a stated later time by a public announcement of the Chair.

6. Cancellation of Meetings
   - Meetings may be canceled by the Board Chair or by a majority vote of the Board and proper notice given by the Board Secretary, or designee.
7. Recess
   - The agenda may be interrupted for a stated time as called by the Chair to recess for any reason.

8. Resolutions
   - The Board may act by motion or by Resolution. When action is taken by Resolution the following requirements and procedures shall apply:
     - All resolutions shall be in writing, and the titles thereof may be read aloud by the Chair prior to a vote being called on their passage, provided that any Board member may upon request, have a reading aloud of the title or a full reading of the text of a proposed resolution prior to the vote on its passage. It shall not require a second to the request either a title or a full reading of a resolution.
     - Discussion and debate by the Board on resolutions will be held prior to the vote on a resolution. Board members shall decide whether or not to amend the resolution, or direct staff to further review the proposed resolution. A resolution shall be passed by a majority vote of a quorum of the Board.

SECTION 4: *Meeting Notice and Rules of Order*

1. The Board Secretary, or the chair's designee, shall be responsible for preparing the agenda for each meeting at least three (3) days in advance of the regularly scheduled Board meeting. The agenda, minutes of the previous meeting and relevant supplementary information will be made available to each Fire Commissioner at least three (3) days in advance of the meeting. The agenda will be available to any interested citizen at the District's main office twenty-four (24) hours prior to the meeting.

2. Presentations or information to be presented by Governmental personnel, vendors, consultants, and like parties, may be added to the agenda. All other citizens, volunteers, employees, and like parties shall fall under public comment or some other category stipulated in the agenda.

3. The following order business will be placed on the agenda:
   - Call to Order
   - Pledge of Allegiance
   - Approval of Agenda
   - Consent Agenda
   - Public Comment
   - Union Comment
   - Finance Report
   - Chief's Report

- Deputy Chief's Report
- Unfinished Business
- New Business
- Executive Session
- Commissioners' Reports
- Good of the Order/Announcements
- Adjournment
- Signing of Documents
- State Board of Volunteer Firefighters Meeting, if required
- Next Meeting Date and Time

4. Rules of Order
    - The Board shall act by majority vote except where statutory requirements require a supermajority or unanimous vote in which case the statutory requirement shall control.
    - Voting shall occur as follows:
        a. Voice Vote: A generalized verbal indication by the Board as a whole of "yea or nay" vote on a matter, the outcome of which vote shall be recorded in the official minutes of the Board. Silence of a Board member during a voice vote shall be recorded as a vote with the prevailing side, except where such a Board member abstains because of a stated conflict of interest or appearance of fairness.
        b. Roll Call Vote: A roll call vote may be requested by the Chair or by any Board member.
        c. Abstentions: It is the responsibility of each Board member to vote when requested on a matter before the full Board. However, a Board member may abstain from discussion and voting on a question because of a stated conflict of interest or appearance of fairness.
        d. The Chair may vote on the same basis as any other Board member.

    - These Bylaws establish the governing rules of order for the Mountain View Fire and Rescue Board. In the event a situation arises in which these Bylaws do not adequately address or resolve a procedural issue, then, except where such rules conflict with these rules or state law, the rules of procedure for small Boards established in the latest edition of Roberts Rules of Order, Newly Revised shall control.
        a. Matters that do not constitute a motion include nominations, withdrawal of motion by the person making the motion, request for a roll call vote, and point of order or privilege. Roberts Rules of Order for Small Boards dictates that a second is not needed for motions.
        b. A motion that receives a tie vote is deemed to have failed.
        c. When making motions, Board members shall be clear and concise and not include arguments for the motion within the motion.
        d. After a motion has been made and seconded, the Board members may discuss their opinions on the issue prior to the vote.
        e. If any Board member wishes to abstain from a vote, that Board member shall advise the Board, and shall remove and recuse themself from the deliberations and

considerations of the motion and shall have no further participation in the matter. Such advice shall be given prior to any discussion or participation on the subject matter or as soon thereafter as the Board member perceives a need to abstain, provided that, prior to the time that a Board member gives advice of an intent to abstain from an issue, the Board member shall confer with the Attorney to determine if the basis for the Board member's intended abstention is appropriate. If the intended abstention can be anticipated in advance, a conference with the Attorney should occur prior to the meeting at which the subject matter would be coming before the Board. If that cannot be done, the Board member should advise the Board that they have an "abstention question" that they would want to review with the Attorney, in which case, a brief recess would be afforded the Board member for that purpose. If the attorney is not available at the meeting or available by phone, the subject may be tabled until next regular meeting.

f. A motion may be withdrawn by the maker of the motion at any time without the consent of the Board.
g. A motion to table is non-debatable and shall preclude all amendments or debates of the issue under consideration. A motion to table is to be used in instances where circumstances or situations arise which necessitate the interruption of the Board members' consideration of the matter before them. A motion to table, if passed, shall cause the subject matter to be tabled until the interrupting circumstances or situations have been resolved, or until a time certain, if specified in the motion to table. To remove an item from the table in advance of the time certain requires a majority vote.
h. A motion to postpone to a certain time is debatable, is amendable and may be reconsidered at the same meeting. The question being postponed must be considered at a later time at the same meeting, or to a time certain at a future Regular or Special Board meeting.
i. A motion to postpone indefinitely is debatable, is not amendable, and may be reconsidered at the same meeting only if it received an affirmative vote.
j. A motion to call for the question shall close debate on the main motion and is not debatable. This motion must receive a second and fails without a majority vote; debate is reopened if the motion fails.
k. A motion to amend is defined as amending a motion that is on the floor and has been seconded, by inserting or adding, striking out, striking out and inserting, or substituting.
l. Motions that cannot be amended include: motion to adjourn, table, roll call vote, point of order, reconsideration and remove from the table. A motion to amend an amendment is not in order.
m. Amendments are voted on first, then the main motion as amended (if the amendment received an affirmative vote).
n. Debate of a motion only occurs after the motion has been moved and seconded.
o. The Chair or Board Secretary should repeat the motion prior to voting.

p. When a question has been decided, any Board member who voted in the majority may move for reconsideration, but no motion for reconsideration of a vote shall be made until the next Regular Board meeting.
q. If present, the attorney shall act as the Board's parliamentarian and shall decide all questions of interpretations of these rules which may arise at a Board meeting.
r. These rules may be amended, or new rules adopted, by a majority vote of the full Board.

SECTION 5: *Board Chair and Vice Chair*

1. Annually at the first meeting in January, or if required at other times by changes in the Board membership, the members of the Board, by majority vote, shall elect from among its members a Chair and a Vice Chair to serve a one-year term.

2. The Chair shall have the rights and privileges of a regular Board member.

3. Duties of the Chair, or their designee:
   - Shall conduct the meeting so that deliberation is clear, concise, and directed to the issue at hand. Discussion and/or action shall be summarized before moving on to the next agenda item. The meeting shall be managed so that the agenda is treated in an expeditious manner.
   - Shall observe and enforce all rules adopted by the Board.
   - Shall serve as spokesperson for the Board. The Chair is authorized to report and discuss those actions that have been taken and those decisions made by the Board as a body.
   - Shall decide all questions on order, in accordance with these rules, subject to appeal by any Board member.
   - Shall recognize Board members in the order in which they request the floor, giving every Board member who wishes an opportunity to speak, provided that the mover of a motion shall be permitted to debate it first, and provided that the Chair may also allow discussion of an issue prior to the stating of a motion when such discussion would facilitate wording of a motion.
   - May affix approximate time limit for each agenda item.
   - Shall confer with the Chief regarding sensitive issues in need of immediate attention. The Chief shall confer with individual Board members when appropriate.
   - Shall refer questions from the press and/or public regarding operations, incident responses, and other items not related to actions taken by the Board to the Chief.
   - The Vice Chair shall assume all of the duties of the Chair in case of absence or delegation by the Chair.

SECTION 6: *Public Comment*

1. Persons addressing the Board, who are not specifically scheduled on the agenda, must sign up prior to the meeting either online with the District Secretary, or on a sign in sheet with their name and phone number (in order to track attendance). They will be requested to step up to the podium, give

their name and address (or phone number) for the record, and limit their remarks to three (3) minutes. All remarks will be addressed to the Board as a whole. The Board Secretary, or designee, will serve as the timekeeper. The Chair may make exceptions to the time restrictions of persons addressing the Board when warranted, in the discretion of the Chair. The Chair will also moderate comments, to ensure that public comment is pertinent to district business.

SECTION 7: *Public Hearings*

1. Public hearings where a general audience is in attendance to present arguments for or against a public issue, and which should be limited to topics pertinent to district business:
    - The Fire Chief or designee shall present the issue to the Board and respond to questions.
    - A person may speak for three (3) minutes. No one may speak for a second time until everyone who wishes to speak has had an opportunity to speak. The Chair may make exceptions to the time restrictions of persons speaking at a public hearing when warranted, in the discretion of the Chair.
    - The Board Secretary, or designee, shall serve as timekeeper during these hearings.
    - After the speaker has used the speaker's allotted time, the Board may ask questions of the speaker and the speaker may respond but may not engage in further debate.
    - The hearing will then be closed to public participation and open for discussion among Board members.

SECTION 8: *Quorum*

1. A majority of the Board members shall constitute a quorum for the transaction of all Fire District business. A member may be considered as being present when they are able to participate in the proceedings via phone or an optional online platform. Advisory members are not considered Board members for purposes of a quorum.

SECTION 9: *Elections*

1. Fire protection District elections shall be held on the Tuesday following the first Monday in November of odd-numbered years, per RCW 29A.52.

2. A person may become a candidate for the office of Fire Commissioner by filing a declaration of candidacy with the King County Elections during the May filing period as prescribed by law. If there are more than two (2) candidates for any position on the Board, a primary election shall be held on the third Tuesday of September in the manner prescribed by law. The two (2) candidates receiving the greatest number of votes will appear on the election ballot in November.

3. A United States citizen, a qualified voter, and resident of the Fire District is eligible to become a Commissioner.

SECTION 10: *Resignation*

1. If a Commissioner moves out of the Fire District, the Commissioner shall resign immediately. The Board shall act on that resignation by formal action and shall declare a vacancy at its next regular scheduled meeting.

2. Commissioners considering resignation are requested to submit written notice to the Board thirty (30) days before the intended effective date.

SECTION 11: *Vacancies*

1. Commissioner Qualifications: Commissioners must meet the following minimum requirements to hold office:
    - U.S. Citizen
    - 18 years old or older
    - Registered voter residing in the District for at least 30 days
    - No felony convictions, unless the individual has had their civil rights restored, subsequent to the conviction. Conviction of anything less than a felony does not preclude an individual from holding public office.
    - No contractual conflict of interest with the District (i.e. a contractual relationship with the District that exceeds $3,000 per month in compensation.

2. Procedures: The Board has 90 days from the date the vacancy occurred to fill the vacancy.
    - The Board must nominate at least one candidate at an open public meeting (RCW 42.12.080(1)).
    - Publish notice of the vacancy in three public places within the District, and on the District's website for at least 15 calendar days prior to the deadline, for additional nominations to be submitted from District registered voters (RCW 42.12.080(1)).
    - The notice shall state that a vacancy exists, must identify the candidate(s) nominated under step 2, and must indicate that the Board will accept additional nominations from District registered voters (RCW 42.12.080(1)).
    - The Board evaluates all nominees and appoints a new commissioner from the field of nominees within 90 days of the date the position became vacant at an open public meeting (RCW 42.12.080(1)).
    - If the Board does not fill the vacancy within 90 days, the Board's authority to fill the vacancy terminates and the County legislative body is required to fill the vacancy (RCW 42.12.080(5)).

- Applications and letters of interest, for appointment to a vacant commissioner position, unlike employment applications, are subject to disclosure under the public records act.
- Any interviews of commissioner candidates must occur in an open public meeting. The Board may evaluate, but not interview, the qualifications of the applicants in executive session (RCW 42.30.110(1)(h).
- The person appointed to fill the vacancy service until the next general fire district election (commissioner elections are held only in odd numbered years)(RCW 42.12.070(6)). However, if the vacancy occurs in an odd numbered year, after the regular filing period in May has closed, the appointed commissioner serves until the second general fire district election (RCW 29A.24.171).
- The person elected at the general election takes office immediately on certification of the election and qualification for office (i.e. takes their oath) and services the remainder of term associated with the position (RCW 42.12.070(6)).

SECTION 12: *Committees*

1. The Chair shall appoint a representative or representatives (no greater than 2) from the Board to serve on committees where appropriate.

SECTION 13: *Commissioner Duties*

1. The authority of Commissioners is limited to participating in actions taken by the Board. Commissioners shall not assume the responsibilities or duties of the Chief or other department officers. The Board or District employees shall not be bound in any way by any action taken or statement made by any individual Commissioner except when such statement or action is pursuant to specific instructions and official action taken by a quorum of the Board.

2. Board members will inform the Chair, Fire Chief or Board Secretary if they are unable to attend any Board meeting, or if they knowingly will be late to any meeting. The minutes will show the Board member as having an excused absence unless the Board approves a motion declaring the absence to be unexcused. In the event a Board member fails to notify the Chair, Fire Chief or Board Secretary of an absence, the absence will be unexcused unless the Board approves a motion declaring the absence to be excused.

3. If a Board member has three (3) unexcused absences from three (3) consecutive regularly scheduled meetings of the Board, the Board member shall be removed from the Board and that member's position shall be considered as a vacancy, per RCW 52.14.050.

4. The Board Secretary shall notify the Board member by mail or email after two (2) consecutive unexcused absences that the position will be declared vacant if the Board member is absent without being excused from the next regularly scheduled meeting of the Board. Removal of a

District Commissioner under this provision shall also result in a vacancy on the Board of Commissioners pursuant to RCW 52.14.050.

SECTION 14: *Commissioner Responsibilities*

1. The duly elected, or appointed, Board of Fire Commissioners governs Mountain View Fire and Rescue and is accountable to the citizens of the District for the financial integrity of the District.

2. The Board of Fire Commissioners appoints a Fire Chief as the Executive or Chief Administrative Officer to establish the Standard Operating Procedures under which the department performs its daily functions.

3. Fire District provides "a service" to their community or customers. A position statement may be drafted by the Fire District when defining the need for services. The Fire District exists for the protection of life and property from fire, and natural and man-made disasters in accordance with State law.

4. The Board of Fire Commissioners establishes policy stating what the organization will do, without specifying how the job is to be done. The Chief is responsible for ensuring that the policies of the Board of Fire Commissioners are carried out.

5. It is destructive for Fire Commissioners to have private conversations regarding department business. Therefore, the chain of command shall be followed in any communications regarding departmental business with members of the department with no exceptions. Commissioners contacted by department members shall refer them to the chain of command. Department members shall utilize the chain of command in contacting the Board of Fire Commissioners.

6. Once appointed, the Chief has the authority and responsibility to manage the Fire District. The Chief shall inform the Board about the internal operations of the Department as required.

7. If a Board member appears on behalf of the District before another governmental agency, a community organization, or through the media, for the purpose of commenting on an issue, the Board member needs to state the majority position of the Board if known, on such issue. Personal opinions and comments which differ from those of the Board majority may be expressed if the Board member clarifies that these statements do not represent the Board's position.

8. Board members should keep all written materials and verbal information provided to them during Executive Sessions confidential, to ensure that the District's position is not compromised. Confidentiality also includes information provided to Board members outside of Executive Sessions when the information is considered exempt from disclosure under exemptions set forth in the Revised Code of Washington.

9. At each regular meeting, the Board of Fire Commissioners shall approve all bills and payroll after confirmation by the main office personnel that all vouchers represent true and just claims. At each meeting at which payments have been approved, the Commissioners shall sign the certificate authorizing the county treasurer to pay the warrants for expenditures. The certificate shall specify the date, number, name, amount, fund on which each warrant is to be drawn. The certificate shall be transmitted promptly to the King County Treasurer.

SECTION 15: *Commissioner Conduct*

1. During Board meetings:
    - Board members desiring to speak shall address the presiding officer, and when recognized, shall confine themselves to the question under debate.
    - Any member of the Board, including the Chair, shall have the right to question any individual, including members of the staff, on matters germane to the issue properly before the Board for discussion. Under no circumstances shall such questioning be conducted in a manner to the extent that such would constitute a cross-examination of or an attempt to ridicule or degrade the individual being questioned.
    - No member of the Board, including the Chair, shall speak more than twice on the same motion except by consent of the majority of the Board members present at the time the motion is before the Board.
    - No member of the Board, including the Chair, shall interrupt or argue with any other member while such member has the floor, other than the Chair's duty to preserve order during meetings.
    - All speakers, including members of the Board, which includes the Chair, in the discussion, comments, or debate of any matter or issue shall address their remarks to the Chair, be courteous in their language and deportment, and shall not engage in or discuss or comment on personalities, or indulge in derogatory remarks or insinuations in respect to any other member of the Board, or any member of the staff or the pubic, but shall at all times confine their remarks to those facts which are germane and relevant to the question or matter under discussion.
    - If a member of the Board shall transgress these rules on debates, the Chair shall call such member to order, in which case such member shall be silent except to explain or continue in order. If the Chair shall transgress these rules on debate or fail to call such member to order, any other member of the Board may, under a point of order, call the Chair or such other member to order, in which case the Chair or such member, as the case may be, shall be silent except to explain or continue in order.
    - Any member of the Board, including the Chair, shall have the right to challenge any action or ruling of the Chair, or member, as the case may be, in which case the decision of the majority of the members of the Board present, including the Chair, shall govern.

2. Except as provided by law, a Commissioner shall not:
    - Ask or receive, directly or indirectly, any compensation, gratuity, or reward, or promise thereof, for omitting or deferring the performance of any official duty; or for any official

service which has not been rendered, except in case of charges for prospective costs or fees demandable in advance in a case allowed by law; or

- Be beneficially interested, directly or indirectly, in any contract, sale, lease, or purchase which may be made by, through or under the supervision of such officer, in whole or in part, or which may be made for the benefit of his office, or accept, directly or indirectly, any compensation, gratuity, or reward from any other person beneficially interested therein; or
- Employ or use any person, money, or property under his official control or direction, or in his official custody, for the private benefit or gain of himself or another.
- Any such action may constitute a gross misdemeanor. Any contract, sale, lease or purchase as stated above shall be declared void.

SECTION 16: *Board and Fire Chief Relations*

1. The successful operation of the Fire District requires a close, effective working relationship between the Board of Fire Commissioners and the Fire Chief. The relationship must be one of trust, goodwill, and integrity. There will be mutual respect from both staff and Board members of their respective roles and responsibilities when, and if, expressing criticism in a public meeting. As the legally designated governing body, the Board retains final authority within the District. The Fire Chief is the Board's professional advisor to whom the Board delegates executive responsibility. The Board of Fire Commissioners delegates the daily operation of the District to the Fire Chief and no Commissioner shall individually intercede with any operational matters.

2. All written informational material requested of staff by any individual Board members shall be submitted to (or made available to) all Board members, unless directed otherwise by the individual receiving Board member(s), or unless other reasons preclude such distribution, in which case the reasons shall be communicated to the Board members by the Chair or designee.
    - Board members shall not attempt to coerce or influence staff in the selection of personnel, below the rank of Deputy Chief, the awarding of contracts, the selection of consultants, the processing of development applications or the granting of District licenses or permits.
    - Board members shall not attempt to change or interfere with the operating rules and practices of the District.
    - No Board member shall direct the Chair to initiate any action or prepare any report that is significant in nature or initiate any project or study without the consent of a majority of the Board.
    - Individual requests for information can be made directly to the Fire Chief unless otherwise determined by the Chair. If the request would create a change in work assignments or staffing levels, the request must be made through the Chair.

3. The Board shall:
    - Appoint the Fire Chief and Deputy Fire Chief and delegate all administrative powers.
    - Identify expectations of the duties and responsibilities of the Chief.
    - Adopt policies for the operation of the Fire District.
    - Provide direction for the scope of the Fire services program.

- Review and accept the annual report of the District.
- Review and approve the annual budget.
- Review and adopt the Strategic Plan of the Fire District
- Approve employment of career and part-time members upon recommendation of the Chief.
- Approve all contracts.
- Approve payment of vouchers and payroll.
- Review monthly fiscal reports.
- Approve the disposal of surplus supplies and equipment.
- Serve as final arbitrator for appeals of personnel and citizens.

4. The Fire Chief shall:
    - Serve as Chief Executive Officer of the District.
    - Recommend policies and policy changes to the Board and implement Board policy.
    - Establish Standard Operating Procedures for providing emergency services.
    - Provide leadership in the development, operation, supervision, and evaluation of the District.
    - Prepare and submit the Annual Budget.
    - Recommend employment of career and part-time members.
    - Recommend contracts.
    - Recommend payment of vouchers and payroll.
    - Oversee preparation of monthly fiscal reports.
    - Recommend the disposal of surplus supplies and equipment.
    - Recommend criteria for evaluating personnel.
    - Inform Board of appeals and implement any such forthcoming Board decisions.
    - Recommend insurance policies to cover risks of the District.
    - The Fire Chief or their designee shall be authorized to engage consultant services, paid or unpaid, within budgetary limits when authorized by the Board.

SECTION 17: *Ethics*

1. The District and its Board members find that the proper operation of a Fire District, as a taxpayer-supported public entity, requires that public officers, and particularly elected officials primarily responsible for the lawful management of the municipal corporation, be ethical, independent, impartial, and responsible to the people, as fiduciaries. This policy is limited in scope; it only applies to the Board members of this Fire District.

2. The policy of the District is that this Ethics section shall be strictly adhered to, and that it shall be interpreted liberally to accomplish its purpose. The goal of the District is to establish and maintain the highest ethical standards for its leaders, so that they may establish an example for all District employees to emulate. The expectations of the Board and the District shall be that the prohibitions contained herein will always be honored and that the recommendations contained herein will be aspired to and achieved whenever feasible.

3. The following terms or words shall have the following meanings, throughout this ethics policy:
    - Major Infraction: A major infraction means and includes misfeasance, malfeasance, violation of the oath of office, violation of the Washington State or U.S. Constitution or a state statute or any other offense listed herein that involves honesty or integrity.
    - Minor Infraction: A minor infraction means any ethics code violation not deemed to be major.
    - Misfeasance: Misfeasance is defined by statute, and means any wrongful conduct that affects, interrupts, or interferes with the performance of official duties. Additionally, misfeasance means the performance of a duty in an improper manner or with the appearance of impropriety.
    - Malfeasance: Malfeasance is defined by statute, and means any wrongful conduct that affects, interrupts, or interferes with the performance of official duties. Additionally, malfeasance means the commission of an unlawful act.
    - Violation of Oath of Office: This term is also defined by statute and means the neglect or willful failure of an elected public official to perform faithfully the duties imposed by law. Violation of a statute, particularly one that prescribes a duty for a Board member, would be an example of a violation of the oath of office.

4. A Board member shall not engage in the following prohibited conduct:
    - Have an interest, financial or otherwise, direct or indirect, or engage in a business or transaction or professional activity or incur an obligation of any nature that is in conflict with the proper discharge of the Board member's duties.
    - Be beneficially interested, directly or indirectly, in a contract, sale, lease, purchase, or grant that may be made by, though or under the supervision of the Board member, in whole or in part, and shall not accept, directly or indirectly, any compensation, gratuity, or reward from any other person beneficially interested in any such contract, sale, lease, purchase, or grant, except as set forth below.
    - Use his or her position to secure special privileges or exemptions for himself, herself, or others.
    - Give or receive or agree to receive any compensation, gift, reward, or gratuity from a source other than the District, for a matter connected with or related to the Board member's services unless provided for by law.
    - Receive, accept, take, seek, or solicit, directly or indirectly, anything of economic value as a gift, gratuity, or favor from a person if it could be reasonably expected that the gift, gratuity, or favor would influence the vote, action, or judgment of the Board member, or be considered as part of a reward for action or inaction.
    - Accept employment or engage in business or professional activity that the Board member might reasonably expect would require or induce him or her by reason of his or her official position to disclose confidential information acquired by reason of his or her official position.

- Neither disclose confidential information gained by reason of the Board member's position, nor may the Board member otherwise use such information for his or her personal gain or benefit.
- Except in the course of official duties or incident to official duties, assist any person, directly or indirectly, in a transaction involving the District, where such Board member's assistance is, or to a reasonable person would appear to be, enhanced or affected by the Board member's position.
- Employ or use any District employee or other person, District funds or money, or District property under the Board member's official control or direction, or in his or her official custody, for the private benefit or gain of the Board member, an employee of the District, or another person, except as allowed by law. This section does not prohibit use of public resources to benefit citizens or others when such is part of District functions or official duties, or otherwise allowed by law.
- Use the facilities, personnel, or resources of the District to assist or oppose a campaign for election or for the promotion or opposition to a ballot proposition, except pursuant to one of the recognized exceptions to RCW 42.17.130.
- Participate, by voting or otherwise, in any issue that comes before the Board, when the Board member has any direct or indirect personal or financial stake in the outcome of the matter.
- Campaign for, or accept appointment or election to, any public office that would be incompatible with the office of Board member, if concurrently serving as a Board member.

5. A Board member should follow the following recommended conduct:
   - Respect and comply with the law.
   - Act always in a manner that promotes public confidence in the office of Board member.
   - Participate in establishing, maintaining, and enforcing high standards of conduct and personally observe those standards.
   - Exhibit unquestionable integrity and have an uprightness of character and soundness of moral principle.
   - Show respect for others through temperance, fairness, and civility in the execution of their duties and conduct of their personal life.
   - Have the courage to do what is right and stand up for those without power or authority.
   - Have compassion that is inherent to understanding another's problems while controlling and understanding personal feelings.
   - Conduct political campaigns in an honest and forthright manner, without attacking others in a negative way.
   - Lead by example.
   - Never forget that public office requires public trust and confidence.

6. Conflict of Interest Exceptions
   - A Board member is allowed by state statute to be financially involved in a contract with the District, so long as payment to the Board member or their business does not exceed one thousand, five hundred dollars ($1,500.00) in any calendar month, provided that such Board member shall not vote on any such contract in which they are beneficially interested.

Moreover, such an interest shall be disclosed to the Board and noted in the minutes before formation of the contract.

- A Board member may accept a gift in the form of food or beverage on infrequent occasions in the ordinary course of performance of duties, but no such gift shall exceed a value of fifty dollars ($50.00).
- A Board member is not deemed to have an interest in a contract, as those terms are used herein, if the Board member has only a remote interest in the contract, so long as disclosure is made. A remote interest means, for example, the interest of a non-salaried officer of a nonprofit corporation, the interest of a mere employee of a contracting party, where the compensation of that employee (Board member) consists entirely of fixed wages or salary, the interest of only a landlord or tenant of the contracting party, or the interest of a less than one percent (1%) shareholder of a contracting corporation or cooperative; provided that this exception does not apply to a Board member who attempts to influence, or does influence other Board officers with respect to entering into the contract.

7. All complaints or requests for investigation of an alleged violation of this policy shall be in writing and signed by the complainant.

SECTION 18: *Insurance*

1. The Board members shall be included as named insureds on all applicable District insurance policies. In the event a Board member shall be individually named as a defendant in any litigation arising out of the performance by the Board member of District business and the District's insurance carrier shall deny coverage and refuse to provide defense to the action, the District shall provide the Board member with defense coverage and liability protection subject to the following conditions:
    - The cause of action must have arisen as a result of the action or non-action of the Board member while acting within the scope and authority of the office of Board member.
    - The cause of action must not have arisen as a result of intentional, willful, or criminal conduct of the Board member.

2. The following procedure shall be used to determine if the District shall provide the defense and liability coverage for a Board member:
    - The matter shall be referred to the District's attorney for investigation and review.
    - The District's attorney or designee shall fully investigate the facts and circumstances of the litigation and the actions of the defendant Board member.
    - The District's attorney shall report to the Board in writing the results of the investigation and research. A copy of the report shall be furnished to each Board member under the attorney-client communication privilege.
    - The Board shall make the final determination based on the report and investigation of the attorney.

SECTION 19: *Board Compensation and Reimbursement*

1. The District provides that the members of the Board shall receive compensation in the manner provided in RCW 52.14.010. RCW 52.14.010 currently authorizes the payment to each member for each day or portion of a day in actual attendance at official Board meetings or when performing other services or duties for the District. It is the function of the Board to approve the services that any member is authorized to perform for the District. Members of the Board shall be entitled to receive the full amount of compensation authorized by statute for the following activities:
    - Actual attendance at all regular and special meetings of the Board.
    - Attendance at other District related activities pre-approved by the Board Chair or majority of the Board.

2. A Commissioner shall submit a completed "Board of Commissioners Activity Log" which verifies the nature and number of approved activities for which compensation is claimed during the month.

3. A Commissioner is only eligible to make one (1) compensation claim for a given day.

4. Board members shall, on approval by the Chair, receive reimbursement of reasonable expenses incurred in attending activities, meetings and events held outside of the District including the following:
    - Mileage reimbursement for use of personal automobiles at the District approved rate together with parking fees, ferry fees, etc.
    - Registration fees for conferences, seminars, and educational classes related to governance of Mountain View Fire and Rescue.
    - Per diem expenses for overnight accommodation and meals when required by the nature of the activity attended in the amounts posted on the General Services Administration (GSA) Federal Per Diem Rates website.

5. Any Board member may waive all or any portion of his or her compensation payable under this section, by submitting a letter to the Fire Chief and Chair waiving the Board compensation prior to the date on which the compensation would otherwise be earned.

SECTION 20: *Policy Adoption, Amendment and Suspension*

1. New policies shall be proposed in writing for open discussion by the Board. The vote for adoption shall take place at the next regular meeting unless the Board deems immediate action to be necessary. All new or amended policies shall become effective upon adoption unless a specific effective date is provided in the motion for adoption.
2. A policy of the Board may be suspended only by a unanimous vote of the Board present, provided all Commissioners received notice of the meeting and provided the notice included a proposal to

suspend a policy and an explanation of the purpose. A policy may be suspended only by a unanimous vote of the Board if the proposal to suspend is not made in writing prior to the meeting.

Use of Medicaid Ambulance Supplemental Payment Program (ASPP) Funds: A National Survey

By James Cairns, Miles Brown, Katelyn Milkiewicz

Executive Summary

Current Medicaid reimbursement rates do not fully account for the actual costs incurred by Emergency Medical Services (EMS) providers for the provision of ambulance emergency transportation. EMS providers throughout the country are left to pursue alternative funding sources to supplement the shortfall between the true cost of providing ambulance transportation and current Medicaid reimbursement rates.

Ambulance Supplemental Payment Programs (ASPP) provide additional funding in addition to current Medicaid reimbursement and have proven to be critical funding sources for public EMS providers across the country. Unlike traditional federal grant programs for EMS providers, such as Staffing for Adequate Fire and Emergency Response Grants (SAFER) or Assistance to Firefighters Grants (AFG) Program, ASPP funds can be utilized by EMS providers on whichever initiatives they choose. This paper provides a cross-section of how ASPP funds are spent and their perceived importance to participating departments.

Background & Introduction

Since 2006, Public Consulting Group (PCG) has worked with the EMS provider community to increase Medicaid reimbursement to government-owned and operated EMS providers and state Medicaid agencies to administer ASPPs. PCG established the first EMS Medicaid supplemental payment program in Texas on behalf of the Austin-Travis County EMS Department, and since then, has supported over 550 EMS providers across 18 states with ASPPs to recover over **$1.8 billion** in supplemental Medicaid funding. To date, over 35 states have an active ASPP or are currently in the process of developing and implementing an ASPP, and interest continues to grow.

With increasing costs, revenue shortfalls, reductions in Medicaid enrollment volume, and a rapidly evolving federal alternative funding landscape, **understanding the impact of ASPP funds for participating departments is now more crucial than ever.**

Methodology

PCG distributed a 17-item survey to 625 agencies actively participating in ASPPs across 17 states. The survey gathered discrete data on agency characteristics, mechanisms for distributing supplemental payments, how supplemental payments are reinvested by departments, and perceptions of their importance. In addition to the structured questions, respondents were offered two optional narrative prompts to elaborate on the significance of supplemental payments for their communities and the impact of funding reductions. While PCG possesses substantial data on the total dollar amount of ambulance supplemental payments for its clients, there is limited information available contextualizing the impact of the payments. Specifically, our survey sought to understand how these funds are used, what they mean to departments, and the tangible consequences of reductions in ASPP funding.

Respondent Characteristics

- PCG received responses from 120 agencies across 15 states, with the largest proportion (16%) of responding agencies coming from Washington[i]

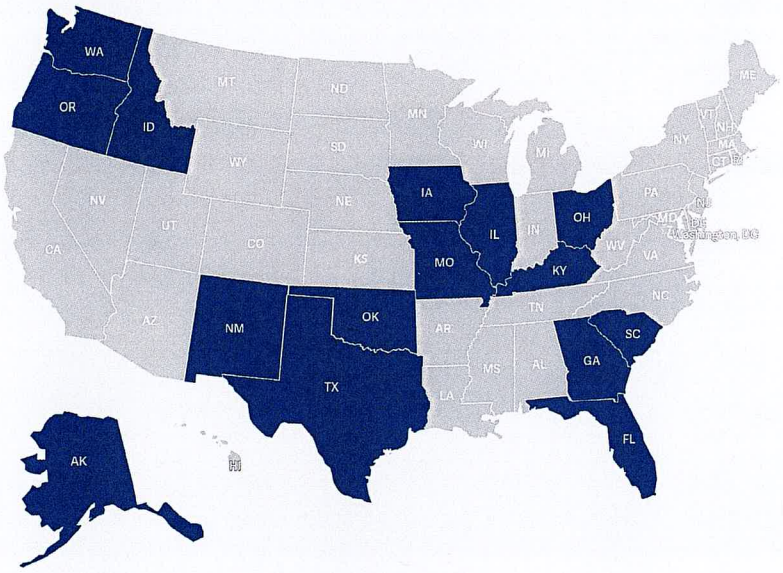

Figure 1: Responding States

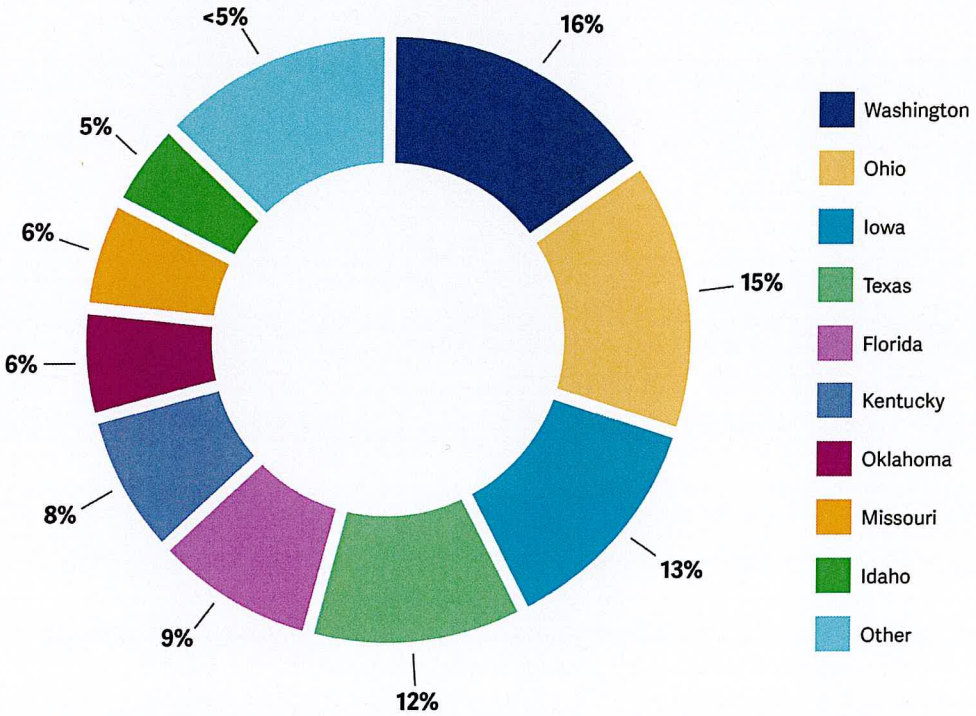

Figure 2: % of Responses by State[ii]

- 63% of responses were from fire-based EMS agencies, and 31% of responses were from third service (non-fire) EMS agencies. The remaining 6% did not specify their service delivery model.
- The most frequent Coverage Area Classification noted in the dataset was Rural with some Urban, followed by Suburban with some Rural, and Rural with some Remote.
    - **The majority of respondents serve rural populations**

Table 1: Coverage Area Classification

Coverage Area Classification	% of Responses
Rural with some Urban	24%
Suburban with some Rural	16%
Rural with some Remote	16%
Urban with some Suburban and/or Rural	13%
Rural Only	11%
Suburban with some Urban	9%
Urban Only	5%
Suburban Only	4%
Remote with some Rural	2%
Remote Only	1%

- Respondents had a median coverage area population of 22,431, and a median coverage area of 99 square miles. Median coverage area population density for respondents was 187 residents per square mile.

Table 2: Coverage Area Population, Size, and Population Density

	Coverage Area Population	Coverage Area (square miles)	Population Density (inhabitants per square mile)
Minimum	1,350	2	2
Maximum	430,000	4,600	4,167
Median	22,431	99	187

Use of Ambulance Supplemental Payments

It is generally accepted that EMS costs are increasing at a rate that is not adequately supported by commensurate increases in reimbursement from public and private payors. Recent national data[iii] indicate that the category most impacted by rising costs is supplies and equipment, with the next largest categories being apparatus acquisition and staff wages. The data collected in this survey demonstrates that ambulance supplemental payments are most frequently utilized as a critical resource to defray expenses in these cost categories. The section below provides an overview of how these funds are accessed, reinvested, and perceived by departments that benefit from them.

Disbursement and Control of Funds

- Most respondents (85%) report that supplemental payments are disbursed directly into the department's account, or disbursed to the municipality and then disbursed in full to the department.

Copyright Public Consulting Group

- 55% of respondents report the department having complete control over how supplemental payments are spent, 17% report having some control, 16% report having significant control, and **11% report having little or no control.**
    - Of those that do not have complete control of funds, most report using annual budget requests as the process used for allocating funds back into the department for reinvestment.

Reinvestment of Funds

- Nearly **two-thirds** of respondents indicate budgeting for anticipated ASPP funding.

Departments reinvest supplemental payments in a variety of ways. The table below illustrates the most common areas of reinvestment reported by respondents.

Table 3: Reinvestment Category

Reinvestment Category	% of Responses
Supplies and Equipment costing less than $10,000	18%
New Capital Equipment costing $10,000 or more	14%
Capital Improvements (vehicles, equipment, or buildings)	13%
Staffing (Promotions and/or Increased Pay)	11%
Technology/Software Upgrades	9%
Staffing (New Positions)	9%
Employee Benefits & Wellness Programs	8%
Quality Improvement	7%
Funding for New Service Lines (i.e., Mobile Integrated Health, Community Paramedicine, etc.)	6%
Other/Have not yet received Ambulance Supplemental Payments	5%

Importance of Funds

- Over 90% of respondents indicate that ASPPs are either very important or **extremely important for the continued operation of their department**

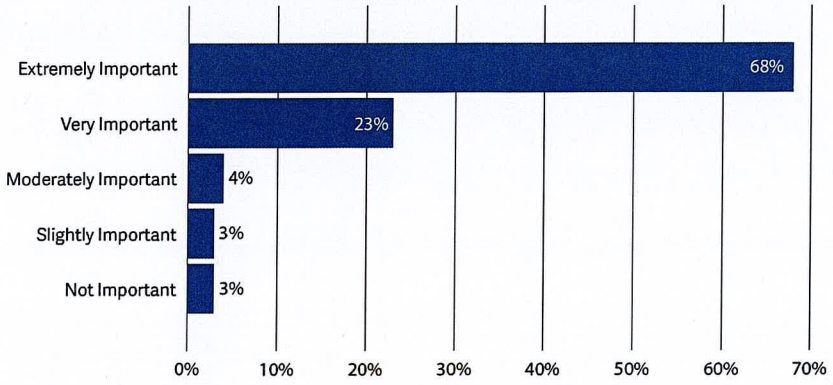

Figure 3: Importance of Funds

Copyright Public Consulting Group

The survey included two optional narrative response questions on the importance of ASPP payments. The text of these questions is included below:

1. Please tell us why Medicaid Ambulance Supplemental Payments are important to your department and community.

2. Please tell us how a significant reduction in Medicaid Ambulance Supplemental Payments would impact your department and community

In response to the narratives above, providers consistently emphasize that ASPP funding is a critical resource for bridging financial barriers posed by increasing costs and revenue shortfalls. While some departments may use these payments to fund new positions, improve quality, or acquire new assets, these funds are most critical to **maintaining existing operations and delaying tax increases.** These themes are summarized below in a selection of narratives submitted by participating respondents.

MAINTAINING EXISTING OPERATIONS

"Without the supplemental payments, we would be operating considerably in the red, forcing either a halt to services or a significant increase in taxpayer assistance. This would result in other services to the community ceasing operations since there is only so much money to go around."

"Medicaid does not pay us what it costs us to transport a patient. Because our reimbursements fall short, we rely on the taxpayers for nearly 50% of our budget. Our collection is not keeping up with our increased costs. These supplemental payments help to boost our collections, delaying us for a short bit from having to ask for a tax increase."

"We are a smaller city, with only one fire station, providing EMS services for our entire community. Without the assistance of Medicaid Ambulance Supplemental Payments to offset the costs of running a fire department, the quality of service we are able to provide would be exponentially impacted. Currently, our department is already understaffed due to budget constraints and limited funding sources. Without the assistance of programs like this, departments such as ours, would not be able to purchase necessary day to day items to keep our station running."

"...I can't stress enough how important these are to keeping EMS and other city services in operation. With a tight city budget, many necessary city services would be sacrificed to the detriment of the community. Until a funding model like the fire service is found, EMS will always be considered one of the first cuts

Copyright Public Consulting Group

municipalities will target when money gets tight. We owe our citizens and our EMS professionals more. We can't keep working these people into the ground and expecting to solve the staffing crisis."

EXPANSION, ACQUISITION, AND IMPROVEMENT

"GEMT revenues create opportunities for our department to expand our services to improve and maintain the overall quality of life within our community. With these revenue resources, we directly support our EMS program with training and equipment improvements, we support our responders by investing in a formalized health and wellness program to equip them with tools to mitigate the stresses of their work, we support our volunteer recruitment and retention program to provide an adequate number of responders, we fund improvements and maintenance of our technical rescue program to reduce the reliance on out of area resources to reach, treat and extricate people in danger, we support our prevention and education programs that are aimed to reduce the occurrence of death, injury and damage from all causes, plus more! Without these additional resources, our community does not have the capability to fund department programs and services beyond basic incident response."

"Medicaid Ambulance Supplemental Payments are critical to our department and the community we serve. These funds allow us to purchase essential supplies and equipment that would otherwise be unattainable within our regular budget. Additionally, they enable us to invest in public relations and educational materials for community outreach—items that cannot be funded through standard County resources."

"A significant portion of the supplemental payments are directed toward acquiring high-dollar medical equipment. These investments directly enhance our ability to provide high-quality patient care, ensuring that our community receives the best possible emergency medical services."

Threats to ASPPs and Practical Implications of ASPP Reduction

A recent challenge regarding alternative funding is the passage of 2025 H.R. 1, the "One Big Beautiful Bill Act (OBBBA), which has raised many questions and concerns regarding the impact on Medicaid and supplemental reimbursement. While H.R. 1 does not specifically reference ASPPs, the two key components that could impact EMS reimbursement for some EMS providers throughout the country are **Provider Taxes** and **State Directed Payments**.

In states where EMS **Provider Taxes** are used to draw down additional federal funds for EMS providers, a phase-down schedule will begin in federal fiscal year 2028 (FY28). Provider tax rates will decrease from a maximum of 6 percent to 3.5 percent of net patient revenue over 5 years (0.5% per year) through FY32. The provision regarding **State Directed Payments** reduces the cap on supplemental payments to certain provider types that states direct their Medicaid managed care organizations (MCOs) to make. However, this section does not explicitly include or reference EMS as an applicable provider type.

In addition to the federal activity outlined above, in certain instances, programmatic and operational changes have been implemented at the state level. Some of this state-level guidance has resulted in significant reductions in ASPP funding for participating providers. The quotes included below outline general provider sentiment in reaction to state-level guidance reducing ASPP payments.

"We lost 88% of our funding. The new amount ONLY covers a portion of the two EMS staff we hired when our funds were 100%. It does not cover ANYTHING else including equipment or cancer exams since the funds were drastically reduced."

"The amount that has been paid to us has been reduced each year significantly, even though our response levels continue to increase along with expenses. With lessening property tax funds and a slowing economy, every little bit helps."

"This year it is going to affect us quite a bit because it was such a large reduction. The city has even explored bringing in a third-party company to provide the service. As a municipality, having these programs available is a necessity due to very few revenue streams for emergency services."

"It's already been reduced every year to a point that submitting may not be worth the time and effort."

We referenced these observations to highlight the negative impacts that ASPP funding reduction can have on providers across a given state. While no current ASPPs are set to end, providers should be prepared for further scrutiny of existing ASPPs that come in the form of programmatic changes, whether driven at the federal or state level.

Conclusion & Recommendations

Medicaid reimbursement rates for medical transport services consistently fall short of covering the actual costs incurred by providers, placing a significant financial strain on departments nationwide. Since 2006, **PCG has supported over 550 government-owned and**

Copyright Public Consulting Group

operated EMS providers in securing more than a billion dollars in Medicaid ASPP funds. Providers reinvest these funds to maintain current operations, avoid service disruptions, and delay tax increases. **Over 90%** of survey respondents indicated that ASPPs are either very important or **extremely important to the continued operation of their departments.** Medicaid supplemental payments are not a discretionary bonus for participating departments; they are an **essential lifeline that providers rely upon to remain solvent.**

In states where ASPP reductions have occurred, providers report appreciable consequences, including staffing shortages, barriers to replacing equipment, and the potential for privatization of service delivery. For many agencies, a reduction in ASPP funding is synonymous with a decision between discontinuing services and placing additional financial burden on an increasingly strained tax base. **Sustainable funding through robust ASPPs is not just a fiscal necessity; it is imperative to public health.**

To ensure the sustainability of EMS services, it is recommended that states without ASPPs collaborate with subject matter experts like PCG to pursue program development, implementation, and ongoing administration. States with existing programs should take action to expand program participation and maximize financial benefit to all participants. Because each state's ASPP is unique, it is advisable that stakeholders in states with both recent and long-standing programs engage subject matter experts to assess whether their program model captures all relevant claims and leverages the most beneficial upper payment limit calculation for their provider population.
